These financial statements of the Environmental Studies Revolving Fund have been prepared in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for integrity and objectivity of these statements rests with the management of the Fund.

The financial statements were prepared with objective data maintained by the Department. The significant accounting policies used in the preparation of the financial statements are included in the notes to the financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund began operation during fiscal year 1983-84. The management of the Fund is effected through the maintenance of accounts which provide a centralized record of the Fund's transactions. The Department develops and disseminates financial management and accounting policies and the Fund is maintained under a system of internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. Transactions are executed in accordance with the Financial Administration Act, regulations and directives from Treasury Board and the Receiver General for Canada in order to provide the required visibility, accountability and control of the operations of the Fund.

Environmental Studies Revolving Fund—*Concluded*
(Energy, Mines and Resources)

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were outlined and approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands. Levies are collected from the interest owners within prescribed regions, based on a rate fixed by the Minister, and are deposited into the Fund. Payments are made from the Fund to parties carrying out such environmental and social studies within these regions, as directed by the Minister. The total amount of deposit in the Fund cannot, at any time, exceed $15 million.

As a result of management reporting structure changes, a memorandum of understanding transferred, commencing November 5, 1985, the financial administration of the Environmental Studies Revolving Fund—Indian Affairs and Northern Development to the Comptroller, Canada Oil and Gas Lands Administration.

2. Significant accounting policies

(a) Levies are billed to the interest owner, to fund estimated budgetary requirements to carry out the environmental and social studies that have been determined by the Environmental Studies Management Board. Each interest owner is levied an amount based on the number of hectares of frontier lands that are subject to the interest and situated in the applicable prescribed region. As levies are billed to the interest owners, they are recorded on an accrual basis as shown on the statement of operations.

(b) Expenses are recorded on an accrual basis of accounting and include estimated amounts for such portion of environmental and social studies expenses incurred before the year end but not invoiced before year end.

3. Commitments

At March 31, 1987, the outstanding balance against the accepted study proposals was $819,615 and is composed of the following:

	1987	1986
	$	$
Studies not started	14,258	78,237
Studies not completed	805,357	972,955

Environmental Studies Revolving Fund
(Indian Affairs and Northern Development)

MANAGEMENT REPORT

The financial statements of the Environmental Studies Revolving Fund have been prepared in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for integrity and objectivity of these statements rests with the Comptroller, Canada Oil and Gas Lands Administration (COGLA).

These financial statements were prepared with objective data maintained by the Department and at COGLA pursuant to the memorandum of understanding signed by both Energy, Mines and Resources and Indian Affairs and Northern Development. The significant accounting policies used in the preparation of the financial statements are described in the notes to the financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund began operation during fiscal year 1983-84. The management maintains Fund's accounts which provide a centralized record of the Fund's transactions. The Department develops and disseminates financial management and accounting policies and the Fund maintains a system of internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. Transactions are executed in accordance with the Financial Administration Act, regulations and directives from Treasury Board and the Receiver General for Canada in order to provide the required visibility, accountability and control of the operations of the Fund.

STATEMENT OF AUTHORITY USED
FOR THE YEAR ENDED MARCH 31, 1987

	1987		1986	
	Estimates	Actual	Estimates	Actual
	$	$	$	$
Excess of expenses over levies for the year	(1,200,000)	(1,024,727)	(2,886,000)	(971,998)
Operating use of funds	(1,200,000)	(1,024,727)	(2,886,000)	(971,998)
Working capital change (excluding Fund's accumulated net authority)		(23,249)		16,811
Other items		(39,015)[1]		12,465[2]
Authority used	(1,200,000)	(1,086,991)	(2,886,000)	(942,722)

[1] In 1986-87, an amount of $71,197, was properly credited to the Fund's account for the cancellation of a March 31, 1986 PAYE item. However, this item was also erroneously charged to the account and therefore, this amount of ($39,015) includes the same amount of ($71,197). An adjustment will be made in the Accounts of Canada in the 1987-88 fiscal year.

[2] In 1985-86, an amount of $25,000 was charged to the Fund's account in the Accounts of Canada. It was also included in the expenses of the Fund and is part of the excess of expenses over levies for the 1985-86 fiscal year. This amount represented an account payable to the Northern Affairs Program of the Department of Indian Affairs and Northern Development. Included as part of the $12,465 total of other items, an amount of $25,000 was recorded in the Accounts of Canada but incorrectly credited to the Fund's account instead of the appropriation of the said program. Therefore, the authority used, which is measured in the Accounts of Canada, was erroneously decreased by $25,000. An adjustment will be made in the Accounts of Canada in the 1987-88 fiscal year.

RECONCILIATION OF UNUSED AUTHORITY
MARCH 31, 1987

	1987	1986
	$	$
Fund's accumulated net authority	1,137,218	2,185,194
Less: PAYE charges against the appropriation account after March 31	156,483	188,665
Other items	(46,197)[1]	25,000[2]
Unused authority carried forward	934,538	2,021,529

[1] The amount of unused authority available for use in subsequent years reported in the ministerial statements (Volume II Part I) is $934,538. The amount reported should be $980,735. The discrepancy of $46,197 represents the difference of an erroneous charge of $71,197 made in 1986-87 and the $25,000 erroneous credit made in 1985-86. These errors will be corrected in the 1987-88 fiscal year. The amount of $71,197 is explained in Note[1] to the statement of authority used.

[2] In 1985-86, an amount of $25,000 was charged to the Fund's account in the Accounts of Canada. This amount represented an account payable to the Northern Affairs Program of the Department of Indian Affairs and Northern Development. The amount of $25,000 shown in the above reconciliation was recorded in the Accounts of Canada but incorrectly credited to the Fund's account instead of the appropriation of the said program. Therefore, the unused authority carried forward, which is measured in the Accounts of Canada and was erroneously increased by $25,000 should be $1,996,529. An adjustment will be made in the Accounts of Canada in the 1987-88 fiscal year.

Environmental Studies Revolving Fund—*Concluded*
(Indian Affairs and Northern Development)

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were outlined and approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands. Levies are collected from the interest owners within prescribed regions, based on a rate fixed by the Minister, and are deposited into the Fund. Payments are made from the Fund to parties carrying out such environmental and social studies within these regions, as directed by the Minister. The total amount of deposit in the Fund cannot, at any time, exceed $15 million. As a result of management reporting structure changes, a memorandum of understanding transferred, commencing November 5, 1985 the financial administration of the Environmental Studies Revolving Fund—Indian Affairs and Northern Development to the Comptroller, Canada Oil and Gas Lands Administration.

2. Significant accounting policies

(a) Levies are billed to the interest owner, to fund estimated budgetary requirements to carry out the environmental and social studies that have been determined by the Environmental Studies Management Board. Each interest owner is levied an amount based on the number of hectares of frontier lands that are subject to the interest and situated in the applicable prescribed region. As levies are billed to the interest owners, they are recorded on an accrual basis as shown on the statement of operations.

(b) Expenses are recorded on an accrual basis of accounting and, include estimated amounts for such portion of environmental and social studies expenses incurred before the year end but not invoiced at year end.

3. Commitments

At March 31, 1987, the outstanding balance against the accepted study proposals was $221,727 and is composed of the following:

	1987	1986
	$	$
Studies not started	29,116	105,097

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Assistant Deputy Minister, Corporate Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. These are supplemented by additional systems and procedures developed and implemented by the Fund's Finance and Administration Division. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by frequent contacts with departmental financial and internal audit officers.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility and by a high standard of internal communications aimed at ensuring that regulations, policies, procedures and managerial authorities are understood throughout the Agency.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions. A new integrated financial information system, utilizing state-of-the-art financial systems software and technology, is being installed during fiscal year 1987-88 for introduction by April 1, 1988. The new system is required to handle the increased volume and complexity of financial transactions within the Fund and the need for accurate and timely allocation and recovery of costs, budgetary control, and improved financial reporting.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1987

1. Purpose and authority

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed $8,000,000 at any time. This authority was increased to $12,000,000 by Appropriation Act No. 4, 1981-82, to $15,000,000 by Appropriation Act No. 4, 1983-84 and to $19,000,000 by Appropriation Act No. 4, 1984-85. In accordance with Vote 2c, Appropriation Act No. 4, 1982-83, an amount of $1,485,822 of the accumulated deficit caused by the payment to Bell Canada for a terminated contract has been written off to the authority. An amount of $784,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged against this authority when the Fund became budgetary.

Government Telecommunications Agency Revolving Fund—*Concluded*

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1987—*Concluded*

2. Significant accounting policies

(a) Fixed assets

Fixed assets are carried at cost. In most cases, depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%). Telecommunications equipment constitutes a special category of assets, depreciated on a straight-line basis, over the first five to seven years of utilization of the equipment.

(b) Assets under capital lease

Leases which transfer substantially all of the benefits and risks incident to ownership of property are accounted for as acquisitions of assets and assumptions of obligations corresponding to the fair acquisition value of the asset (excluding interest charges) at the time of purchase. The asset is amortized and the obligation, including interest thereon, is liquidated over the life of the lease.

(c) Deferred charges

Service contracts amounting originally to $900,000 (1983-84) are included in this category. They relate to advance payments to suppliers for future telecommunications services and are amortized on a straight-line basis over a five year period. In 1986-87, the amortization relating to service contracts amounted to $180,000 ($180,000 in 1985-86).

Other deferred charges ($9,804 added in 1986-87) are linked to telecommunications equipment acquisitions by GTA and are amortized on a straight-line basis on the same life expectancy as the asset they relate to. In 1986-87, the amortization relating to the other deferred charges amounted to $2,698.

(d) Deferred revenue—Service contracts

Advance payments from client departments and agencies for future telecommunications services are recorded as deferred revenue and are included in revenue on an equal basis over a five to seven years period. In 1986-87, $332,731 was recognized as revenue. An amount of $9,644 was also added to the deferred revenue in 1986-87 and will be amortized over the remaining life expectancy of the asset.

(e) Accrued revenue—Long-term

Monthly payment plans are offered to departments and agencies to cover implementation costs of telecommunications services. In 1986-87, clients with a balance in their accounts of $97,237 selected the monthly payment plans over 5 years. The short-term portion of the accrued revenue (due in 1987-88) represents $13,272 and is included in the accounts receivable—Government of Canada in the balance sheet.

(f) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year

	807,985	381,523	8,124	1,181,384

4. Obligation under capital lease

On June 1st, 1986, the Government Telecommunications Agency Revolving Fund entered into an agreement with BTE (Business Telecom Equipment) to rent telecommunications equipment under capital lease. The asset was capitalized at $177,000 using an interest rate of 13.63%. The related obligation is liquidated over the lease term of 3 years and is segregated between current and long-term portions on the balance sheet. Lease payments during 1987 totalled $60,173 including interest of $17,993 charged to operations (Local).

The obligation under capital lease includes the following:

National Film Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been presented to the Board of Trustees.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Auditor General's Office. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have been examined by the Auditor General, his role being to express an informed judgement as to whether the financial statements present fairly the financial position of the Board as at March 31, 1987 and the results of its operations and the changes in its financial position for the year ended in conformity with generally accepted accounting principles.

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Film Board as at March 31, 1987 and the statements of operations, accumulated deficit and accumulated net charge against the Revolving Fund's authority for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Raymond Dubois, C.A.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purposes

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular to:

produce and distribute, and to promote the production and distribution of, films designed to interpret Canada to Canadians and to other nations;

represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;

engage in research in film activity and to make available the results thereof to persons engaged in the production of films:

advise the Governor in Council in connection with film activities; and

discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

National Film Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital and the interim financing of operating costs and the acquisition of fixed assets and can record the increase in the net book value of fixed assets against this authority, which provides that the aggregate of admissible working capital and net book value of fixed assets is not to exceed $20 million at any one time. A parliamentary authority, to replenish the revolving fund for net acquisitions of fixed assets and the admissible cost of operations, is voted annually and recorded in the year to which it applies. Any unused balance lapses.

2. Significant accounting policies

Production of films and other forms of visual presentation

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program
All costs incurred for unsponsored productions, the Board's share in coproductions and the excess of costs over the sponsor's contribution for partially-sponsored productions.

Sponsored production
All costs incurred for fully-sponsored productions and the sponsored costs of partially-sponsored productions.

Revenues from production of films and other forms of visual presentation are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Film prints

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

Inventories

Productions in progress are carried at the cumulative amount of costs incurred for each production exceeding advances invoiced, up to the amount of the sponsored unbilled balance. On the other hand, any cumulative excess of advances invoiced over costs incurred is recorded as advances on productions.

Materials and supplies are carried at the average cost.

Film prints and other forms of visual presentation held for sale are carried at the lower of the average direct cost of production and net realizable value.

Fixed assets

Equipment, office equipment and furniture, motor vehicles and garage equipment are carried at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, generally 5 to 10 years. No depreciation is provided during the year of acquisition.

Leasehold improvements are charged to operations as incurred.

The Board enters into agreements to acquire the exclusive use of certain fixed assets through leasing arrangements. Rentals are charged to operations in the year to which they apply.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

3. Inventories

	1987	1986
	$	$
Productions in progress	1,166,837	1,662,243
Materials and supplies	1,402,228	1,332,916
Film prints and other forms of visual presentation held for sale	492,946	511,912
	3,062,011	3,507,071

4. Advance to a non-profit organization

As at March 31, 1987

The Government Film Commissioner and President of the Board initially submitted, on behalf of an organization yet to be incorporated, a request to the Canadian Radio-television and Telecommunications Commission (CRTC) with the view of obtaining licenses to offer programming directed to the Canadian youth.

In June 1985, a non-profit organization was incorporated to carry out the project. Through an agreement signed with this organization, the Board has agreed:

to assume research, development and promotion costs incurred to May 15, 1985 in the amounts of $229,000 during 1984-85 and $218,000 during 1985-86;

to directly or indirectly advance amounts totalling $1,000,000, reimbursable without interest before or at the end of the first complete period of the licenses awarded by the CRTC, to cover research, development and promotion costs until affiliation agreements have been signed with cable distributors serving at least three million Canadian subscribers, of which $790,179 had been advanced as at March 31, 1987; and

to provide a non-reimbursable amount of $150,000 during the first two years of programming to assure the smooth functioning of regional consultative committees.

Subsequent event

On May 29, 1987, after a preliminary review of applications for network licences to offer Canadian specialty programming services, the CRTC withdrew incomplete applications from certain applicants from the agenda at the public hearing for the consideration of applications for network licences including that of the above mentioned non-profit organization.

In view of this circumstance, the Board considers that the reimbursement of its advance by this organization is doubtful and that it may have to write it off during the year 1987-88 and charge any loss that may result therefrom to its operating expenses.

	72,447,351	73,621,078

9. Contingent liability

The Board is the defendant in certain pending claims and lawsuits for amounts totalling $2,267,130. It is the opinion of Management that these actions will not result in any substantial liabilities to the Board.

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these statements rests with the management of the Fund.

These financial statements have been prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements.

The Fund's division for financial administration complies with departmental financial management and accounting policies, develops those specific to the Fund's requirements and issues manuals and directives which maintain these policies and which describe procedures. The Fund maintains systems of financial management and internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. These systems are augmented by the departmental internal audit program.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purpose

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,000,000 at any time. An amount of $745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Inventories

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

(b) Fixed assets

Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	16 years
Electronic data processing (EDP) equipment	5 years
Other equipment	10 years

(c) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(d) Revenue from passport fees is prepaid on application and accounted for on an accrual basis. Deferred revenue represents the fees received for which the services have not yet been provided.

Public Works Revolving Fund—Services and management account

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Public Works Revolving Fund—Services and management account as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Furthermore, certain transactions of the Revolving Fund have been examined by the Auditor General as part of his annual audit of the Public Accounts.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Changes in financial statement presentation have been made as disclosed in Note 3 and therefore some previous year's figures in the statement of operations and the balance sheet have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfil this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund's directorate develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting systems have evolved over the years to meet changing conditions. Improvements to the cost accounting system are being developed and will be implemented during the 1987-88 fiscal year. These improvements will provide a better allocation and measurement of costs and enhance management reporting.

Approved by:

H. G. RICHARDS
Director General, Corporate Finance
(Senior full-time financial officer)

B. J. VEINOT
Assistant Deputy Minister, Comptroller
(Senior financial officer)

Public Works Revolving Fund— Services and management account—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Purpose and authority

Under revised terms and conditions of TB Minute 793370, the Construction Services Revolving Fund became the Public Works Revolving Fund—Services and management account as at April 1, 1985. The Fund was established for the purpose of funding undertakings by the Department of Public Works on behalf of other Government departments and agencies, other governments and private sector tenants of federally owned or leased property.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the necessary working capital, the total of which is not to exceed $300,000,000 at any time.

The Adjustment of Accounts Act (Bill C-22 dated July 3, 1980) authorized the operation of the Construction Services Revolving Fund in the current and subsequent years with a statutory limit of $55 million.

In accordance with Section 33 of the Adjustment of Accounts Act and through the 1983-84 Supplementary Estimates B, the Construction Services Revolving Fund was amended to include charges to be made to PWC's departmental programs and to increase the financial authority from $55 million to $150 million.

In the 1984-85 final Supplementary Estimates the Construction Services Revolving Fund draw-down authority was increased from $150 million to $300 million.

2. Significant accounting policies

The Public Works Revolving Fund—Services and management account provides interim financing on a cost-recovery basis. The recoveries are always equal to the expenditures hence no profit is realized. All operating expenditures of the Services Program are charged to the Public Works Revolving Fund—Services and management account, and the Fund is credited with the recovery from all clients for the services rendered.

The financial statements have been prepared using the following accounting policies:

(a) Recoveries recognition

Recoveries are recorded on the cash receipts basis in accordance with the Government's accounting policies.

(b) Payments and charges recognition

All expenditures are recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis. Payments and charges are adjusted at year end by beginning and ending work in process.

(c) Work in process

Basis of valuation of work in process is cost incurred for work completed or services rendered and not recovered from clients at end of fiscal year.

3. Changes in financial statements presentation

(a) Work in process

In previous years the ending work in process (WIP) was not disclosed separately in the balance sheet or statement of operations. Commencing with the 1986-87 fiscal year, the balance sheet and statement of operations have been revised to reflect separately the ending work in process rather than as part of accounts receivable and recoveries.

(b) Additional disclosure—Statement of operations

The additional disclosure in the payments and charges section of the statement of operations now shows: the value of beginning WIP; standard object breakdown of current year payments and charges; and the value of ending WIP carried forward to the 1987-88 fiscal year.

(c) Reclassification

The figures for the year ended March 31, 1986 have been reclassified to conform with the presentation adopted for 1987.

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of the data in these statements rests with the management of the Fund.

These financial statements were prepared in accordance with stated accounting policies on a basis consistent with that of the preceding year, as set out in Note 2. Some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and give due consideration to materiality. Information presented herewith is consistent with that presented elsewhere in the Public Accounts and in departmental reports. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

The Department's Corporate Management Branch develops and disseminates financial management and accounting policies and issues specific directives to the staff managing the Revolving Fund in order to maintain standards of accounting and financial management.

Financial management and internal control of the Fund is maintained through the appropriate division of responsibility, the provision of leadership and evaluation of those operating the Fund as well as internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Race Track Supervision Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed $2,000,000 at any time.

Charges to the Fund are to include administration expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the Balance Sheet under Equity of Canada, represents the financial position of the Revolving Fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970 are recorded in the Fund in accordance with Treasury Board circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are depreciated from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Race Track Division operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account.

(c) Vacation pay

The accrued liability on the Balance Sheet represents the amount of vacation pay credits outstanding at the end of the year.

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of thirteen weeks' pay.

The provision at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of thirteen weeks' pay.

3. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year

	322,759	120,015	50,437	392,337

Self-supporting Airports and Associated Ground Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Self-supporting Airports and Associated Ground Services Revolving Fund in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. The responsibility for the integrity and objectivity of the data in these financial statements rests with management.

Some of the information included in these financial statements is based on management's best estimates and judgements, which give due consideration to materiality. To meet the reporting requirements, separate accounts are maintained on a decentralized basis for each of the airports funded by the Revolving Fund, under the functional authority of the Director, Financial Administration Branch, and are submitted to Ottawa Headquarters for review and consolidation. A Commercial Accounting System is under development and will be installed at all nine airports to provide more timely information.

Those airports in the Fund are subject to the departmental systems of financial management and internal control and such additional policies, practices and procedures as are necessary to facilitate financial reporting for the Revolving Fund, in accordance with the requirements of the Treasury Board and Receiver General for Canada. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are recorded to maintain accountability of Government funds and to safeguard the assets of the Revolving Fund.

Management seeks to assure the objectivity and integrity of data in its financial statements by the selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization. In addition, the financial management and internal control systems are augmented by the maintenance of internal audit programs.

The accounting and financial statements of the Fund have evolved over time in conjunction with changing conditions, the evolvement of financial reporting in Canada and, in response to the reporting requirements of Treasury Board and the Receiver General for Canada.

The airports in the Revolving Fund are operated and maintained in accordance with nationally promulgated policies, standards and procedures, on a cost-recoverable basis, so as to provide safe and efficient facilities and services consistent with the protection of the environment. Certain essential services provided by the Aviation Group for the approach, landing and take-off of aircraft are charged to the airports in the Fund.

As requested by the Deputy Minister of Transport, these financial statements have been examined by the Auditor General of Canada. The Auditor General's role is to express an opinion as to whether the financial statements present fairly the financial position of the Fund and the results of its operations and the changes in its financial position in accordance with generally accepted accounting principles applied on a consistent basis.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF TRANSPORT

I have examined the balance sheet of the Self-supporting Airports and Associated Ground Services Revolving Fund as at March 31, 1987 and the statements of operations, accumulated surplus, contributed capital and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purpose

These financial statements disclose the financial position of the Airports Revolving Fund and the results of its operations within the established parliamentary authority. In addition, these financial statements demonstrate the extent of cost recovery in the operations of the airports within the Airports Revolving Fund, on the basis of allowable costs as explained in the note on significant accounting policies, below.

The Airports Revolving Fund was established in 1969 and authorized by Vote L160, Appropriation Act No. 3, 1969, 1968-69, c. 36 for the purpose of financing the operation and development of certain airports.

Effective April 1, 1980, Parliament through the passage of the Adjustment of Accounts Act established the Self-supporting Airports and Associated Ground Services Revolving Fund as a budgetary entity with a statutory drawing authority of $80 million. In addition to this authority the Fund has the authority to spend accumulated cash receipts in excess of cash disbursements. As at the end of the 1986-87 fiscal year the Fund had accumulated cash receipts in excess of disbursements of $86 million, for a total unused authority of $166 million.

On November 29, 1984, the Treasury Board approved revised terms and conditions governing the operation and financing of the Fund, including the requirement for an annual financial plan to be approved by the Treasury Board. The Treasury Board also provided authority for a $1 item in the 1984-85 Supplementary Estimates (C) to amend certain provisions of the Adjustments of Accounts Act to provide specific authority for:

the making of capital expenditures within the Fund; providing capital funds from revenues, appropriations or from the drawdown authority; and providing annual compensation for costs incurred in fulfilling objectives not directly related to the operation of airports as a self-supporting entity.

The revised terms and conditions state that the basic principle underlying the Fund is that it shall be operated as a financially self-supporting entity, in accordance with the following:

(1) The Fund shall operate on the basis of financial plans to be submitted annually for approval by the Treasury Board. Financial plans will include, inter alia, a review of past performance with respect to approved financial and management objectives; proposed performance targets, fee changes, capital expenditures, and allocations of revenues, overhead and indirect costs; a five-year forecast of revenues, expenditures and profitability; and, recommendations as to source and application of funds for the upcoming year.

(2) The Fund shall recover all its expenses through revenues, subject to the following:
   (a) capital funds will be provided from revenues, appropriations, or the statutory authority, as determined in the approved financial plan;
   (b) capital appropriations to the Fund are to be recovered under terms and conditions to be approved by the Treasury Board in the annual financial plan;
   (c) subject to approval by the Treasury Board, the Fund will be eligible for payments, through appropriations in Main Estimates, for costs incurred in support of activities, the costs for which are not to be recovered from users (these provisions were not enforced during the year); and,
   (d) in any given year, revenues of up to 110% of those forecast in Main Estimates may be expended without further reference to the Treasury Board.

(3) As approved in the financial plan, surplus monies generated by the Fund in a given year may be used to repay any outstanding drawdown against the non-lapsing statutory authority, to pay a return to the Consolidated Revenue Fund (CRF) on capital payments made through appropriations, or be retained in the CRF as a credit to the Fund if no drawdown exists.

(4) Airports shall be eligible for inclusion in the Fund if deemed capable of recovering on average, 90% of operating costs, including depreciation, over a five-year forecast period, either as individual entities or as complementary airports serving the same geographic area.

(5) Capital funds within the Fund will be subject to allotment control in accordance with Treasury Board policy.

(6) Subject to these terms and conditions, it is expected that the Fund will operate within the limits of the statutory drawdown authority approved by Parliament.

2. Summary of significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada.

(a) Valuation of inventory of materials and supplies

Inventory of materials and supplies, maintained for repair and maintenance purposes at the airports, is valued at the lower of cost and net realizable value.

(b) Fixed assets

Fixed assets purchased by the Fund are recorded at cost. Fixed assets transferred to the Fund prior to April 1, 1979 are recorded at appraised values established by the Department of Transport in accordance with Treasury Board Circular 1970-7 of January 8, 1970. Fixed assets transferred to the Fund as at April 1, 1979 are recorded at their depreciated value at that date. Subsequently, all transfers of fixed assets from and to Canada are recorded at net book value at the date of transfer.

Project administration costs, including interest incurred during the construction of new airports, are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific fixed assets. Additions, renewals and betterments which extend the economic lives of the assets are capitalized. Maintenance and repairs are charged to operations.

(c) Depreciation of fixed assets

Depreciation is charged on a straight-line method based on the estimated useful life of the asset.

The depreciation rates used within the major classes of assets are as follows:

Terminal and facilities	2.5% to 5.0%
Runways and other paved surfaces	3.3% to 5.5%
Machinery and equipment	4.0% to 20.0%
Airport development costs (excluding interest)	10.0%

Self-supporting Airports and Associated Ground Services Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

(d) Air transportation tax

Air transportation tax is levied under the Excise Tax Act, Part II and collected by the Minister of National Revenue. By authority of Appropriation Acts, tax received during the year is remitted to the Department of Transport. Of the total tax revenue, 14.4% is credited to air navigational services and the balance is credited to the Airports Authority Group, which includes the Fund. A change in the allocation method has been made as disclosed in Note 3.

(e) Interest associated with capital contributed to the Fund

Interest is allocated on the capital contributed to the Fund. The interest rate (10.32% in 1986-87, 10.35% in 1985-86) is based on Crown Corporation borrowing rates weighted against the net book value of capital acquisition for the last 20 years. An average of the contributed capital balance less surplus in the accumulated net charge against the Fund's authority balance at the beginning and the end of the year is used to calculate the allocated interest.

(f) Services provided and received by Government departments without charge

The Fund is accounting for the cost of services received from and provided to the Department of Transport and other Government departments without charge.

(g) Terminal control costs

Terminal control costs are those air navigational services associated with the approach, landing and take-off of aircraft at an airport and the control of enroute flights while traversing a terminal control area. The costing of terminal control includes direct and indirect costs and depreciation for air traffic services, flight service stations, technical support services, flight calibration, and meteorological services.

(h) Headquarters and regional overhead

Headquarters and regional overhead reflects the charges by the Department of Transport for providing technical and administrative services to the Fund. Since expenditures are not readily identifiable with specific services, these charges are a percentage of direct operating and maintenance expenses of the Fund.

(i) Grants in lieu of taxes

Grants in lieu of taxes, imposed on airports of the Fund, are accrued based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid by the Department of Public Works and recovered from the Fund.

The grants are not finalized until they have been audited by the Department of Public Works, often several years in arrears. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(j) Pension plan

Department of Transport employees operating the airports of the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation Retirement Benefits Account.

(k) Employee termination benefits

Termination benefits accrue to Department of Transport employees operating airports of the Fund. Payment of these benefits is made to employees on separation or retirement. The cost of these benefits is expensed in the year in which they are earned.

3. Change in allocation of the air transportation tax

For the current year, the amount allocated to the Fund was calculated to give a 6% return on Canada's investment in the Fund. In prior years, the amount allocated to the Fund was based on the number of enplaned and deplaned passengers. This change has resulted in a reduction to the Fund of approximately $149 million. The subsequent decision to account for interest on capital contributed to the Fund resulted in a net loss being reported for 1986-87.

4. Fixed assets

	1987		1986	
	Cost and appraised values	Accumulated depreciation	Cost and appraised values	Accumulated depreciation
	(in thousands of dollars)			
Land and land development costs	112,239		111,934	
Terminals and facilities	627,157	268,111	610,324	239,934
Runways and other paved surfaces	433,360	171,023	415,082	153,411
Machinery and equipment	59,302	31,655	56,547	29,028
Airport development costs	82,391	64,422	82,391	62,927
Construction in progress	157,837		118,312	
	1,472,286	535,211	1,394,590	485,300
Net book value	937,075		909,290	

5. Equity of Canada

(a) Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority at the end of the year, shown as part of the Equity of Canada, represents the net accumulation of all cash transactions made through the Consolidated Revenue Fund.

The Consolidated Revenue Fund is the central account through which all Government receipts and disbursements flow. All cash transactions of the Fund are therefore made through the Consolidated Revenue Fund. By virtue of the Fund's mandate, it receives credit for all revenues generated and is empowered to draw funds under statutory authority from the Consolidated Revenue Fund for any shortfalls.

A drawdown on the Fund's authority occurs when accumulated cash disbursements exceed accumulated cash receipts (credit balance) and bears interest at a rate determined by the Minister of Finance. An accumulated excess of cash receipts over cash disbursements (debit balance) represents an addition to the drawing authority of the Fund.

Self-supporting Airports and Associated Ground Services Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

(b) Contributed capital

Contributed capital includes the amounts representing the values assigned to assets transferred from and to Canada, services provided and received by Government departments without charge, interest associated with capital contributed to the Fund and reimbursement by Canada for projects undertaken under the Special Recovery Capital Projects Program.

(c) Accumulated surplus

The accumulated surplus account at the end of the year represents the net accumulation of surpluses and deficits since the establishment of the Fund.

6. Related party transactions

In the course of operations the Fund receives certain direction and administration services from the Department of Transport and other Government departments without charge. The cost of these services aggregated to $4.0 million ($6.7 million in 1985-86) inclusive of $1.9 million ($2.5 million in 1985-86) for provincial sales tax paid to provinces by the Department of Finance.

The airports provide services to Department of Transport and airports not in the Fund. The cost of these services provided without charge aggregate to $4.1 million ($5.1 million in 1985-86) inclusive of $3.6 million ($4.3 million in 1985-86) for the exemption of landing fees for state and military aircraft.

7. Contractual obligations

As at March 31, 1987, the Fund was committed to expenditures totalling approximately $64.3 million under fixed asset construction and maintenance contracts.

8. Contingent liabilities

The Department of Transport is a defendant in certain pending and threatened litigations related to the operations of the Fund. The aggregate amount of claims in respect thereof as at March 31, 1987 is approximately $162.4 million. These claims include a legal suit filed in the Federal Court of Canada by a group of major international air carriers challenging the legality of the Air Services Fees Regulations related to the transoceanic landing fee levied under Section 5 of the Aeronautics Act. They have claimed reimbursement of all transoceanic landing fees paid since 1974. A favourable judgement to the Fund was rendered when the action was heard in February 1987, but there is still a contingency pending due to the filing of a notice of appeal by the air carriers. Any settlement resulting from the resolution of these contingent liabilities will be accounted for as a prior period adjustment.

9. Correction of prior years' errors

Errors in the calculation of depreciation expense at Mirabel Airport have resulted in the understatement of prior years income.

As a result the balance of the accumulated surplus as of March 31, 1987 has been restated to show a retroactive adjustment of $1.6 million. Of that amount, $0.2 million relates to the year ended March 31, 1986 and accordingly the net income for that year has been restated. The remaining $1.4 million relates to years prior to 1986 and has been applied against the balance of accumulated surplus for the year ended March 31, 1985.

10. Comparative figures

Certain comparative figures have been reclassified to conform to the current presentation.

Public Service Commission—
Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements are prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. Some of these policies are further explained in the notes which form part of these statements. Some of the information included in these financial statements is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with the information presented in these financial statements, unless indicated otherwise.

The Financial Services Directorate and the Fund's Comptroller, who reports functionally to the senior full-time financial officer, develop and disseminate financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's Comptroller, financial services officers and by the Financial Services Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971, for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c.17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed $4,500,000 at any time. In accordance with Vote 115a (1980-81) and Vote 35c (1981-82), accumulated deficits of $4,573,071 have been deleted from the accounts. An amount of $1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(b) Fixed assets and depreciation

Effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations for the use of these assets. These fixed assets are depreciated on the declining balance method from the year of acquisition at the following rates:

Office and classroom furniture	10%
Office and classroom equipment	15%
EDP and word processing equipment	25%

(c) Prepaid expenses

Under the terms of two contracts, advance payments are made to suppliers for the provision of video learning tapes and are recorded as prepaid expenses on the balance sheet. The operations of the Fund are charged with expenses coincident with the provision of services.

(d) Deferred revenue

Consists of amounts received from clients for services to be provided.

3. Subsidized operations

Appropriation funds in the amount of $2,885,000 were paid to the Staff Development and Training Revolving Fund for the 1986-87 fiscal year. These funds were approved to cover the cost of the activities that should not be borned by the user which are not cost recoverable. The comparative figure for 1985-86 is $2,784,163.

4. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$
Furniture	848,357	96,236	32,345	912,248

Stores Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Transport Canada Stores Revolving Fund as authorized by Treasury Board and in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of the data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. The Department maintains a set of records for the Fund which provide a centralized summary of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The operation of the Transport Canada Stores Revolving Fund is primarily designed to provide for the acquisition of recurring requirements of material and insurance spares in support of the operations of the Air, Marine, Surface and Departmental (Headquarters) Groups across Canada. The cost of operating, administering and controlling the supply activities associated with the Fund is shared jointly by the operating Groups and Headquarters corporate management under the direct guidance of the Director, Materiel and Contracting Services and the Assistant Deputy Minister, Finance.

The Assistant Deputy Minister, Finance develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Department has terminated the operations of the Fund effective at the close of the 1986-87 fiscal year. The net assets of this Fund have been transferred to the Departmental Administration Activity for the nominal sum of $1 dollar. This activity now offers the services previously provided by the Fund.

Stores Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and purpose

The Stores Revolving Fund was authorized by the Adjustment of Accounts Act, S.C. 1980, c. 17, with an authorized working capital limit of $30,000,000, which was increased to $35,700,000 by Appropriation Act No. 4, 1981-82 and to $43,700,000 by Appropriation Act No. 4, 1983-84. An amount of $25,489,058, representing the net assets of the "Stores Working Capital Advance", was assumed by the Fund and charged against the authority when the Fund became budgetary in 1981.

The objective of the Fund is to establish an effective central control and accountability over the purchasing, stocking and issuing of expendable items, controllable items and initial sparing for depot stocks required by the Department.

The statutory authority of the Stores Revolving Fund was terminated as of March 31, 1987. This was authorized by the 1986-87 Supplementary Estimates C, Vote 2c which stated, "In accordance with Section 33 of the Adjustment of Accounts Act, to repeal Section 30 of the said Act, as of March 31, 1987".

2. Significant accounting policies

(a) Inventories

Inventories are valued at cost.

(b) Sales pricing

Selling prices to consumers are on the basis of acquisition costs.

3. Termination of the Stores Revolving Fund

In T.B. minute No. 804373, the Treasury Board approved:

(a) the termination of the statutory authority and the activities of the Stores Revolving Fund,

(b) the transfer of the total net assets to the Department of Transport, and,

(c) the write-off of the accumulated deficit.

The Supplementary Estimates C, Vote 2c provided authority to:

(a) repeal Section 30 of the Adjustment of Accounts Act,

(b) terminate the activities and the statutory authority of the Stores Revolving Fund as of March 31, 1987,

(c) transfer the total net assets to the Department of Transport for $1,

(d) transfer the accumulated deficit to accumulated net charge against the Fund's authority, and,

(e) close accumulated net charge against the Fund's authority.

The schedule provides the balances in the accounts of the Stores Revolving Fund prior to the transfer of the total net assets to the Department of Transport and the closing of the accumulated net charge against the Fund's authority as of March 31, 1987.

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Changes in financial statement presentation have been made as disclosed in Note 3 and therefore some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance, Personnel and Administration Sector. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987

1. Purpose and authority

The objective of the Fund is to acquire and provide goods and/or services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976, and with the Expositions Revolving Fund effective April 1, 1977.

Supply Revolving Fund—*Continued*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

Effective April 1, 1980, Parliament, through the passage of the "Adjustment of Accounts Act", repealed all votes in respect of the accounts of the Supply Revolving Fund. Section 29 of the Act established the Supply Revolving Fund as a budgetary entity with a statutory non-lapsing drawing authority of $150 million. The authorized limit of the Fund was subsequently increased from $150 million to $200 million through the Appropriation Act No. 4, 1981-82.

An amount of $44,171,345, representing net assets assumed by the Fund and assets contributed to the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus has been transferred to the Fund's authority.

	$
1982-83	3,256,386
1983-84	4,888,134
1984-85	5,691,677
1985-86	22,763,154
1986-87	647,189
	37,246,540

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

(i) The accrual policy for recording certain acquisition revenue is based on detailed and validated statistical analysis of the procurement workload. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue.

This policy was revised April 1, 1985. As a result, on contracts ranging from $200,000 to $50 million, an initial fee equal to 50% on Science and Engineering Acquisition contracts and 65% on Commercial Acquisition and Printing Acquisition contracts is charged at the date of contract issuance and the balance of the fee is charged over the life of the contract. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not materially violated.

(ii) Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The total liability of these benefits is not accrued; however, the actual expenses are recorded in the period in which they are incurred. The unaccrued liability is reflected in Note 9.

(b) Depreciation

Leasehold improvements are amortized on the straight-line basis over the term of the lease with a maximum of 10 years. Other fixed assets are depreciated commencing the year after acquisition on the straight-line basis over their estimated useful lives as follows:

Leasehold improvements	10 years
Furniture	5 years
EDP equipment	5 years
Automotive	5 years
Warehouse equipment	10 years
Printing equipment	8 years
Audio-video	10 years

3. Changes in financial statements presentation

(a) The grouping of sales by output services has been restated in accordance with the activity reporting requirements outlined in the 1986-87 estimates.

(b) The 1986 figures have been restated to conform with 1987 presentation requirements.

4. Inventories

	1987	1986
	$	$
Raw materials and finished goods	16,894,636	20,686,944
Work in process	979,617	1,915,683
	17,874,253	22,602,627

5. Net investment in EDP equipment leases

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase designated EDP equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. Title to the equipment remains with the Supply Revolving Fund until the cost of the equipment is paid in full. Payments by the client departments for the long-term investment in leases are due—$1,318,312 in 1988-89, $559,696 in 1989-90, $187,743 in 1990-91 and $191,750 in 1991-92.

6. Fixed assets and accumulated depreciation

(a) Fixed assets in the net amount of $46,836 were sold as a result of the transfer of the Export Supply Centre, an organization of DSS, to the Canadian Commercial Corporation.

(b) Depreciation in the amount of $1,432,096 has been included in the cost of sales in the statement of operations.

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	$	$	$	$

Supply Revolving Fund—*Concluded*

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

7. Sales and cost of sales

For consolidation purposes, sales and cost of sales in the amount of $27,238,265 ($28,018,000 in 1986) have been eliminated.

8. Deferred acquisition contract fees

In accordance with the revised Department's policy on smoothing revenue for certain types of contracts as detailed in 2(a)(i), the value of deferred acquisition fees on uncompleted contracting work as at March 31, 1987 amounted to $12,388,161 ($14,211,618 in 1986).

9. Employee benefits liability

The unaccrued liability for employee benefits consists of termination benefits and vacation pay.

	1987	1986
	$	$
Termination benefits	29,873,081	29,094,882
Vacation pay	6,660,145	6,975,063
	36,533,226	36,069,945

10. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self-insurance.

FINANCIAL STATEMENTS OF DEPARTMENTAL CORPORATIONS

Agricultural Stabilization Board

MANAGEMENT REPORT

In connection with the recording of financial transactions in the Accounts of Canada and the reporting of financial information to be included in the Public Accounts, relating to Agricultural Stabilization Board for the year ended March 31, 1987, we make the following representations, based on the best of our knowledge and belief.

We have prepared the accompanying financial statements of the Agricultural Stabilization Board in accordance with the reporting requirements and standards of the Receiver General for Canada, the responsibility for the integrity and objectivity of data in these financial statements rests with the Board.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements unless indicated otherwise.

The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staff of Agriculture Canada and that of the Office of the Auditor General. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Use of appropriations (Note 3)	374,904	333,822

The notes to the statement of operations are also an integral part of this statement.

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the statement of operations of the Agricultural Stabilization Board for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents information in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

As explained in Note 5 to the statement of operations, included in expenditure is an amount of $6.6 million (1986—$21 million) that has been used to finance certain marketing costs of the Canadian Dairy Commission. The Appropriation Acts and Estimates for the year ended March 31, 1987 provide funds for payments to producers pursuant to the Agricultural Stabilization Act with no mention of financing marketing costs of the Commission.

In my opinion, except that $6.6 million used in a manner not authorized by Parliament as described in the preceding paragraph, the transactions of the Board that have come to my notice during my examination of the statement of operations have, in all significant respects, been in accordance with the Appropriation Acts for the year ended March 31, 1987, the Financial Administration Act and regulations and the Agricultural Stabilization Act.

Kenneth M. Dye, F.C.A.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objectives

The Board, which was established in 1957 and operates under the authority of the Agricultural Stabilization Act (the "Act"), consists of three members appointed by the Governor in Council. The Board is a departmental corporation named in Schedule B to the Financial Administration Act.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the agricultural industry to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

The Board's administration expenditures, contributions for designated commodities and for named commodities in excess of the minimum provisions of the Act, are funded by a budgetary lapsing authority. Contributions for named commodities pursuant to the minimum provisions of the Act and for commodities covered by price stabilization agreements established pursuant to the Act are funded through a statutory authority.

2. Significant accounting policies

(a) Expenditure recognition

Administration expenditures and contributions for designated commodities and for named commodities in excess of the minimum provisions of the Act are recorded on a cash basis except that disbursements for which payment claiming documents have been received within 45 days after the year end are accrued in accordance with the Government of Canada accounting policy for recording Payables at Year End. Contributions funded by a statutory authority, termination benefits and vacation pay are recorded on the cash basis.

(b) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received.

(c) Capital purchases

Acquisitions of capital assets are charged to administration expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in administration expenditure.

Agricultural Stabilization Board—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987—*Concluded*

3. Use of parliamentary appropriations

	1987	1986
	(in thousands of dollars)	
Agriculture Agri-Food Program		
Vote 15—Payments to producers for agricultural commodities designated by the Governor in Council and for named agricultural commodities in excess of the minimum provisions of the Agricultural Stabilization Act	286,628	307,357
Vote 5—Operating expenditure	3,345	1,832
Vote 10—Capital expenditure	765	86
Statutory—Payments to producers for named commodities pursuant to the minimum provisions of the Agricultural Stabilization Act and payments to national tripartite price stabilization accounts	84,166	24,547
Use of appropriations	374,904	333,822
Add: services provided without charge by Government departments (Note 4)	923	1,043
Less: non-tax revenue	970	138
Net cost of operations	374,857	334,727

4. Services provided without charge by Government departments

	1987	1986
	(in thousands of dollars)	
Data processing	325	477
Accommodation	296	303
Employee benefits	245	238
Accounting services	55	21
Executive Board	2	4
	923	1,043

5. Authority for payments to the Canadian Dairy Commission

Included in expenditure is an amount of $6.6 million (1986—$21 million) that has been disbursed to finance marketing costs paid by the Canadian Dairy Commission. While, in the opinion of the Board, this use by the Commission is consistent with Governor in Council approval given pursuant to the Agricultural Stabilization Act, it is not consistent with the basis upon which funds have been voted by Parliament. The Appropriation Acts and Estimates for the year ended March 31, 1987 provide funds for payment to producers with no mention of financing marketing costs paid by the Commission. Accordingly, the Board will endeavor to have the wording of future authorities consistent with expenditure intended.

6. Payments recorded on accrual basis

If stabilization payments and payments to national tripartite price stabilization accounts were recorded on a full accrual basis, that is, recorded in the period to which the payments relate, the aggregate amount of such payments would increase by $67.8 million in the year ended March 31, 1987 (1986—$73.9 million).

7. Subsequent events

In May 1987, approval was given by Governor in Council pursuant to the Act for the stabilization of the price of the following designated commodities:

	Estimated cost (in thousands of dollars)
1983 and 1984 apples	12,500
1986 sugar beets	12,000
1985-86 white pea beans	4,750
	29,250

Stabilization payments for these commodities will be substantially made in the year ending March 31, 1988.

The Government of Canada has also entered into an agreement with the Governments of the Provinces of Alberta (on April 16, 1987) and Manitoba (on May 7, 1987) for a national tripartite price stabilization scheme for sugar beets pursuant to the Act. Further, the Government of Canada has entered into an agreement with the Government of the Province of Ontario (on May 27, 1987) for a national tripartite price stabilization plan for beans. The cost of these national tripartite price stabilization schemes cannot be reasonably estimated at this time.

8. Comparative figures

Certain comparative figures have been reclassified to conform with the presentation adopted in the current year.

9. National tripartite price stabilization accounts

During 1986, the Governments of Canada and certain provinces signed agreements pursuant to the Agricultural Stabilization Act establishing national tripartite price stabilization schemes for hogs, beef (slaughter cattle and feeder calves) and lambs. Funding for each scheme is shared equally by Canada (as represented by the Board), participating provinces and participating producers. Producer premiums and provincial and federal Government contributions received and made by the Board are deposited to a stabilization account for each scheme in the Consolidated Revenue Fund of Canada. Stabilization payments to producers are made from these accounts. The Minister of Finance for Canada has authorized the payment of interest on the amounts standing to the credit of the stabilization accounts which are administered by the Board.

The transactions relating to the stabilization accounts for the year ended March 31 were as follows:

	1987			
	Hogs	Slaughter cattle	Feeder calves	Lambs
	(in thousands of dollars)			
Balance, beginning of year				
Add: premiums and contributions	42,076	23,798	6,314	155
interest	859	500	245	7
Less: stabilization payments		4,173		
Balance, end of year	42,935	20,125	6,559	162

Each of the schemes is reported on separately by the Auditor General of Canada as at their respective year ends which are December 31 for hogs and beef, and November 30 for lambs.

Atomic Energy Control Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Atomic Energy Control Board (AECB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the AECB.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the AECB maintains a set of accounts which provides a centralized record of the AECB's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The AECB Planning and Administration Branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The AECB maintains systems of financial management and internal control at appropriate costs. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the AECB's assets. The AECB also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Deputy Auditor General, his role being to express an informed opinion as to whether the AECB's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the AECB's financial transactions. It should be noted that the parliamentary appropriations used, as recorded in the Accounts of Canada, is $5,000 more than the appropriations shown in Note 3 to this statement of operations. The explanation for the discrepancy is contained in a footnote to the Reconciliation of use of appropriations. It should also be noted that the contingent liability of $13,950,000 shown in Note 6 to this financial statement has, as the result of events subsequent to the June 8, 1987 Auditor's Report, been reduced to $700,000.

The accounting system and financial statements of the AECB have evolved over the years to meet changing conditions and, more recently, to initiate a departmental recommendation to improve the cost accounting system. This improvement will, if required, provide the basis for accurate billings for licencees and other Government departments. There is also in progress a preliminary study of possible fee structures and rates.

RECONCILIATION OF USE OF APPROPRIATIONS
MARCH 31, 1987

	1987	1986
	$	$
Net cost of operations	23,857,058(1)	22,156,539
Add: non-tax revenue	60,611	134,337
Less: services provided without charge by Government departments	1,623,706	1,566,360
Use of appropriations (Note 3)	22,293,963(1)	20,724,516

The notes to the statement of operations are also an integral part of this statement.

(1) It should be noted that the net cost of operations ($23,857,058) and the use of appropriations ($22,293,963), which appear in the Accounts of Canada, are each $5,000 higher than the net cost of operations and total appropriations used figures shown in Note 3 to the statement of operations. This difference is the result of the Accounts of Canada not recording a $5,000 interdepartmental credit to professional and special services before the year end. This transaction will be recorded in 1988 as a refund of previous year's expenditure.

AUDITOR'S REPORT

TO THE ATOMIC ENERGY CONTROL BOARD
AND THE
MINISTER OF ENERGY, MINES AND RESOURCES

I have examined the statement of operations of the Atomic Energy Control Board for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of the operations of the Board for the year ended March 31, 1987 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

D. Larry Meyers, F.C.A.
Deputy Auditor General

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and purpose

The Atomic Energy Control Board (AECB) was established in 1946 by the Atomic Energy Control Act. It is a departmental corporation named in Schedule B to the Financial Administration Act and currently reports to Parliament through the Minister of Energy, Mines and Resources.

The objective of the AECB is to control atomic energy in the interests of health, safety and national security. The AECB achieves this objective by controlling the development, application and use of atomic energy in Canada and by participating on behalf of Canada in international measures of control.

The AECB is also responsible for the administration of the Nuclear Liability Act, including the designation of nuclear installations, the prescription of basic insurance to be carried by the operators of such nuclear installations and the administration of supplementary insurance coverage premiums for these installations. The sum of the basic insurance and supplementary insurance totals $75 million for each designated installation (see Note 8). The number of facilities requiring insurance coverage is 15.

The AECB's grants and contributions, operating and administration expenditure is funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Contributions to superannuation plan

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditure when disbursed.

Atomic Energy Control Board—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1987—*Concluded*

3. Parliamentary appropriations

	1987	1986
	$	$
Department of Energy, Mines and Resources		
Vote 50	21,307,000	21,817,000
Vote 50b		456,000
	21,307,000	22,273,000
Lapsed	1,038,037	3,581,484
	20,268,963	18,691,516
Statutory contributions to employee benefit plans	2,020,000	2,033,000
Total appropriations used	22,288,963	20,724,516
Add: services provided without charge by other Government departments	1,623,706	1,566,360
Less: non-tax revenue	60,611	134,337
Net cost of operations	23,852,058	22,156,539

4. Liabilities

At year end the amounts of liabilities are as follows:

	1987	1986
	$	$
(a) Accounts payable		
Suppliers accounts	1,348,142	1,816,778
Contractors holdbacks	116,324	67,673
	1,464,466	1,884,451
Salaries payable	358,245	272,612
	1,822,711	2,157,063

The costs represented by the accounts and salaries payable are reflected in the statement of operations.

	1987	1986
	$	$
(b) Other liabilities		
Vacation pay	885,331	837,612
Employee termination benefits	1,376,046	1,257,689
	2,261,377	2,095,301

The costs associated with other liabilities are not included in the statement of operations. These costs are recognized only when paid (see Note 2(a)).

The vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The employee termination benefits are calculated on the basis of one half week's pay for each complete year of continuous service to a maximum of 13 weeks' pay.

5. Obligation under capital lease

The AECB entered into an agreement to lease a computer system effective May 1, 1984. The system was valued at $298,959 using an implicit interest rate of 12.5%, and the obligation is liquidated over the lease term of five years. Minimum lease payments during 1987 totalled $79,200 including interest of $22,427 charged to operations.

The AECB amended the agreement to enhance the system effective August 1, 1986. The additional equipment leased was valued at $102,112 using an implicit interest rate of 10.0%, and the obligation is liquidated over the lease term of 33 months. Minimum lease payments during 1987 totalled $23,909 including interest of $5,933 charged to operations.

The future minimum lease payments under capital lease are as follows:

	1987	1986
	$	$
Year ending March 31		
1987		79,200
1988	120,188	79,200
1989	120,188	79,200
1990	60,138	43,096
Total future lease payments	300,514	280,696
Less: amount representing interest	57,543	67,292
Present value of obligation	242,971	213,404
Less: current portion	94,837	54,569
Long-term obligation	148,134	158,835

6. Contingent liabilities

At March 31, 1987, the AECB was defendant in lawsuits amounting to $13,950,000 (1986—$14,450,000). The lawsuits are seeking damages for breach of statutory duties related to radioactively contaminated soil. Any settlement resulting from the resolution of these actions will be paid from the Consolidated Revenue Fund.

7. Related party transactions

AECB administers a special program jointly with Atomic Energy of Canada Limited (AECL) for research and development in support of the safeguards program of the International Atomic Energy Agency. For 1987, AECL charged $500,000 (1986—$1,220,000) to this program.

On the statement of operations, expenditure is net of $293,980 (1986—$217,168) and revenue includes $41,667 (1986—$26,778) for services provided by the AECB's Orientation Centre to the Department of External Affairs and AECL.

8. Nuclear Liability Reinsurance Account

Under Section 17 of the Nuclear Liability Act, all premiums paid by the operators of nuclear installations for supplementary insurance coverage are credited to a Nuclear Liability Reinsurance Account. The Account forms part of the Consolidated Revenue Fund. Any claims against the supplementary insurance coverage are payable out of the Consolidated Revenue Fund and charged to the Account. There have been no claims against or payments out of the Nuclear Liability Reinsurance Account since its creation. The balance of the Nuclear Liability Reinsurance Account as at March 31, 1987 is $529,742 (1986—$529,842). The account balance in 1987 is lower than 1986 because of a $100 premium refund paid out during the year and because the 1987 premiums were not received during the year.

The supplementary insurance coverage provided by the Government of Canada under the Nuclear Liability Act, as at March 31, 1987 is $641,600,000 (1986—$641,600,000). The reinsurance coverage also includes a class of risk excluded as a liability of the principal insurers and is reinsured by the Government of Canada.

Canada Employment and Immigration Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canada Employment and Immigration Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of CEIC. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Senior Management of CEIC.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CEIC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

Financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CEIC maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard CEIC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the CEIC and of the Auditor General's Office. CEIC also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Canada Employment and Immigration Commission—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1987

1. Authority and objectives

The Canada Employment and Immigration Commission was established under Section 7 of the Employment and Immigration Reorganization Act, 1977 and is a departmental corporation named in Schedule B to the Financial Administation Act. All the Commission's operating and contributions and grants expenditures are funded by budgetary lapsing authorities whereas employee benefits, annuities agents supplementary retirement benefits and the Government's contributions to the Unemployment Insurance Account and in respect of fishermen's benefits are authorized by statutory authorities. The Commission is divided into three program areas and their objectives are as follows:

Corporate and Special Services Program—To ensure the development and implementation of policies and programs, to provide strategic, operational and administrative support to enable Employment and Immigration Canada to carry out its mission and to provide for such other functions allocated to it.

Employment and Insurance Program—To further the attainment of national, economic and social goals by realizing the full productive potential of Canada's human resources, while supporting the initiatives of individuals to pursue their economic needs and more generally, their self-fulfillment through work.

Immigration Program—To administer the admission of immigrants and visitors in accordance with the economic, social, humanitarian and cultural interests of Canada.

Loans to immigrants and other classes of persons for the purpose of paying the costs of admission, transportation and reasonable living expenses are made under a non-budgetary statutory authority advanced by the Minister of Finance pursuant to the Immigration Act, Section 121. The total amount of loans outstanding shall not, at any time, exceed $90,000,000.

2. Significant accounting policies

The statement of operations was prepared using the following accounting policies:

(i) Expenditure is recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.

(ii) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(iii) Acquisitions of capital assets are charged to operating expenditure in the year the expenditure is incurred.

(iv) Estimated accounts for services provided without charge from other Government departments are disclosed in the statement of operations.

(v) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

5. Trust funds and specified purpose accounts

The Canada Employment and Immigration Commission also has the responsibility to administer and control the following trust funds and specified purpose accounts.

(a) Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory unemployment insurance program applying to all employees, subject to minor exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Unemployment Insurance Account.

The Act provides for the following to be credited to the account: (a) premiums, fines, penalties and interest; (b) the Government share of benefits paid; (c) refunds of overpayments of benefits, and benefit repayments; (d) amounts for services rendered to other Government departments or agencies, or to the public; (e) amounts provided for any other purpose related to unemployment insurance and authorized by an appropriation administered by the Canada Employment and Immigration Commission; and (f) interest on the balance of the account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the account; (a) benefits paid under the Act; (b) the costs of administering the Act; and (c) the interest on advances made by the Minister of Finance.

Interest bearing loans are made to the Unemployment Insurance Account, under Section 137(1) of the Unemployment Insurance Act, as a result of deficiencies in contributions from employers and employees. The loan balance outstanding as at March 31, 1987 bears interest at rates between 8.05% and 11.50% per annum, and is repayable between April 30, 1987 and March 31, 1989.

Balance as at March 31 (deficit)[2]	(3,897)	(4,335)

[1] Fishermen's benefits in the amount of $201 million (1986—$189 million), the related Government contribution of $185 million (1986—$176 million) and the fishermen's premiums of $16 million (1986—$13 million) are included in the statement.

[2] Interest bearing loans under Section 137(1) of the Unemployment Insurance Act in the amount of $3,606 million (1986—$4,229 million) were made to the Unemployment Insurance Account leaving a net deficit balance as at March 31, 1987 of $291 million (1986—$106 million).

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account is valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund. The accounts of the Government Annuities Account are maintained on an accrual basis.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts, and discontinued sales of annuities.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to annuitants who cannot be located, are transferred to non-tax revenue.

6. Loans, investments and advances

Assisted Passage Scheme—Employment and Immigration

Section 121 of the Immigration Act authorizes the making of loans to immigrants and other such classes of persons.

The total amount authorized to be outstanding at any time is $90,000,000.

The terms and conditions of the loans, with their year end balances, are as follows:

(a) repayable by monthly instalments over 1 to 5 years with a possible deferment of 6 months, bearing interest at rates from 6% to 15% per annum, with final instalments between April 1, 1987 and April 1, 1992, balance at year-end $5,399,859; and,

(b) repayable by monthly instalments over 1 to 5 years with a possible deferment of 2 years, non-interest bearing, with final instalments between April 1, 1987 and April 1, 1992, balance at year-end $56,597,619.

Balance as at March 31	61,997,478	57,637,103

7. Contingent liabilities

Thirteen claims, one from a client for physical inquiry, three for breach of contract from an employee and two private companies, two for mental injury, one from an employee for work environment reasons and one from a private citizen for false arrest, four for loss of income, two from prospective employees and two from private sectors; three from private citizens for general damages. All of them have been brought against the Canada Employment and Immigration Commission. Total amount of contingent liability is $7,680,316 and no date has yet been set for the hearing of these cases.

8. Consolidated statement of receipts and disbursements

This consolidated statement represents the aggregate of all financial activities pertaining to the Department of Employment and Immigration, the Canada Employment and Immigration Commission, the Unemployment Insurance Account, the Government Annuities Account and other trust funds and specified purpose accounts mentioned in the preceding Note 5. It represents a summary, on a consolidated basis, of the total operations of Employment and Immigration Canada.

Canadian Aviation Safety Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canadian Aviation Safety Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Board's finance division develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Board's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Board's financial transactions.

AUDITOR'S REPORT

TO THE CANADIAN AVIATION SAFETY BOARD
AND THE
MINISTER OF TRANSPORT

I have examined the statement of operations of the Canadian Aviation Safety Board for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Board for the year ended March 31, 1987 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objective

The Canadian Aviation Safety Board was established under Section 4 of the Canadian Aviation Safety Board Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Canadian Aviation Safety Board Act received Royal assent on November 17, 1983 and was proclaimed into law on April 18, 1984. It was established officially on May 1, 1984 and became operational on October 1, 1984. The objective of the Board is to advance aviation safety by: identifying safety deficiencies as evidenced by aviation occurrences; conducting independent investigations and, if necessary, public inquiries into aviation occurrences in order to make findings as to their contributing factors and causes; and reporting publicly on its investigations and public inquiries and on the findings in relation thereto and by making recommendations designed to eliminate or reduce safety deficiencies. The Board's expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(d) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(e) Services provided without charge by Government departments

Estimates of amounts for services provided without charge from Government departments are included in expenditures for each fiscal year.

3. Parliamentary appropriations

	1986-87	1985-86
	$	$
Vote 50 (Vote 95 in 1985-86)	14,342,000	20,663,375
Lapsed	345,377	3,807,567
	13,996,623	16,855,808
Statutory contributions to employee benefit plans	1,397,000	1,308,000
Use of appropriation	15,393,623	18,163,808
Add: services provided without charge by Government departments	1,713,266	1,651,069
Deduct: non-tax revenue	709,510	40,108
Net cost of operations	16,397,379	19,774,769

Canadian Aviation Safety Board—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987—*Concluded*

4. Services provided without charge by Government departments

	1986-87	1985-86
	$	$
Treasury Board services	174,929	111,888
Supply and Services Canada services	20,939	16,526
Transport Canada services	807,257	700,000
Public Works Canada services	710,141	822,655
Total	1,713,266	1,651,069

5. Air India occurrence investigation

   (a) Refunds of previous years' expenditure

   The increase in refunds of previous years' expenditure reflects Air India occurrence investigation payables at March 31, 1986 which were significantly less than originally estimated by the other Government departments and agencies providing investigative support services.

   (b) The unusually high cost of the Air India occurrence investigation in 1985-86 accounts for the major decrease in expenditure for operations in 1986-87.

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canadian Centre for Occupational Health and Safety in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Centre. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the audit committee of the Centre.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Centre maintains a set of accounts which provides a centralized record of the Centre's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Centre's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with the prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Centre's assets. Financial management and internal control systems are augmented by the maintenance of frequent contacts between staffs of the Centre and of the Auditor General's Office. The Centre also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Centre's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Centre's financial transactions.

Canadian Centre for Occupational Health and Safety—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and purpose

The Centre was established on April 20, 1978 under the Canadian Centre for Occupational Health and Safety Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers. The Centre's operating expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis in accordance with the Government's Payables At Year End accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Centre contribute equally to the cost of the Plan. The Centre's contributions are charged to expenditures on a cash basis.

3. Parliamentary appropriation

	1987	1986
	$	$
Department of Labour		
Vote 30	8,063,645	7,687,000

Director of Soldier Settlement

DIRECTOR OF SOLDIER SETTLEMENT IS A DEPARTMENTAL CORPORATION NAMED IN SCHEDULE B TO THE FINANCIAL ADMINISTRATION ACT. NO REVENUE AND EXPENDITURE HAVE BEEN INCURRED IN THIS FISCAL PERIOD AND AS A RESULT, NO FINANCIAL STATEMENTS HAVE BEEN PRODUCED FOR THE PUBLIC ACCOUNTS.

Economic Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Economic Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the Chief Executive Officer of the Council.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements.

The Council's financial services division develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by an internal audit function, established in compliance with the Treasury Board/Office of the Comptroller General standards for internal audit in the Government of Canada. The Council also seeks to ensure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General of Canada, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions for the year ended March 31, 1987.

The accounting and financial statements of the Council have evolved over the years to meet changing conditions and reporting requirements, both internal and external. With an internal computerized financial reporting and control system, the Council has realized achievements in more accurately forecasting for future initiatives and in the provision of financial information for decision-making purposes. There is currently a comprehensive internal audit underway to assess and recommend further improvements to financial reporting and control, as the first phase of a five-year internal audit plan.

NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objective

The Council was established in 1963 by the Economic Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act.

The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

The Council's operating expenditure are funded by a budgetary lapsing authority. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

4. Comparative figures

The 1986 comparative figures have been restated to conform with the presentation adopted for 1987.

Fisheries Prices Support Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Fisheries Prices Support Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statements is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Board's financial service group develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control at appropriate costs. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Board and of the Auditor General's Office. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have not been examined by the Auditor General. The Auditor General has however, examined financial statements of the Board prepared on an accrual basis of accounting and has expressed the opinion that such financial statements present fairly, in conformity with stated accounting policies, the Board's financial position as at March 31, 1987.

Fisheries Prices Support Board—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board. Funding of Board operations is done under lapsing authority from Parliament.

2. Significant accounting policies

The financial statements have been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

Fisheries Prices Support Board—*Continued*

AUDITOR'S REPORT

TO THE FISHERIES PRICES SUPPORT BOARD
AND THE
MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of the Fisheries Prices Support Board as at March 31, 1987 and the statements of operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

D. Larry Meyers, F.C.A.
Deputy Auditor General
for the Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Accounting policies

The Board follows the accrual basis of accounting.

Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

Inventories are recorded at the lower of cost and net realizable value.

3. Canned mackerel program

The Board acted as the procurement agent for fishery products required for international food aid and development programs administered by the Canadian International Development Agency (CIDA) and the World Food Program (WFP). This was the Board's only activity during 1986-87.

4. Accounts receivable

1. During 1985-86, an account receivable for $168,645 was converted from a trade account receivable to a long-term receivable. A signed agreement between the producer and the Board calls for equal repayments of principal over 5 annual payments commencing in December 1987.

   The agreement calls for interest to be paid from December 1984 on the outstanding balance owed to the Board. Interest is due annually on December 31 of each year and the Board has received $40,851 in interest as of December 31, 1986. Interest earned by the Board but not paid by the producer has been accrued in these financial statements. Interest earned from January 1, 1987 to March 31, 1987 amounted to $4,269.

2. $277,121 in long-term receivables were collected during 1986-87. These refer to the program initiated in fiscal 1984-85 by the Board for herring products. Results of operations for this program were reported in the 1984-85 and 1985-86 financial statements. Final results for the 1984-85 Herring Products Program are:

	$
Loss reported in 1984-85 fiscal year	986,503
Loss reported in 1985-86 fiscal year	211,300
Total loss of 1984-85 Herring Products Program	1,197,803

5. Administrative services provided without charge by the Department of Fisheries and Oceans

	1987	1986
	$	$
Salaries	133,988	121,556
Travel and honoraria	9,519	9,127
Other	2,328	2,758
	145,835	133,441

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a detailed record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Council's Corporate Management Branch develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The Corporate Management Branch has recently implemented a computerized commitment control system for the grants-in-aid program and plans to introduce a similar system for the Council's operating expenditure in the next fiscal year. These initiatives have been undertaken to improve the efficiency of the Council's accounting systems and the quality of data available to management.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objective

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure when disbursed. All operating expenditure is recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis. This practice is in accordance with the Government's PAYE accounting policy.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

Medical Research Council—*Continued*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1987—*Concluded*

4. Trust funds

As provided for in Section 15.1 of the Medical Research Council Act, the Council administers a number of trust funds separately from its activities funded through parliamentary appropriations. The purpose and accounting for these funds is described below.

(a) In 1974, the Council received $75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of Dyskinesia and Torticollis. Other donations received in the current and prior years not earmarked for specific projects have also been credited to this fund. The transactions relating to these funds are as follows:

	1987	1986
	$	$
Balance, beginning of year	82,326	79,079
Add: interest received	6,328	6,933
donations	27	
Less: grants paid		3,686
Balance, end of year, represented by deposit with Receiver General for Canada	88,681	82,326

(b) In 1985, the Council received a distinguished award entitled "The St Boniface General Hospital Research Foundation Award" which included an amount of $20,000. In recognition of the importance of the award, the Council, in agreement with the Foundation, decided to use the monetary portion of the award to establish a trust fund from which it could provide summer research scholarships to encourage graduate high school students, first year pre-med students and first and second year medical students to become involved in biomedical research. The recipients are chosen by the Foundation and two scholarships were paid in 1986-87. The transactions relating to these funds are as follows:

	1987	1986
	$	$
Balance, beginning of year	20,000	
Add: donations received		20,000
interest received	956	
Less: summer research scholarships paid	6,300	
Balance, end of year, represented by deposit with Receiver General for Canada	14,656	20,000

(c) In February 1986 the Federal Government announced, as part of a new "Matching Policy", that private sector contributors who wish to provide funds for medical research can channel their money either through universities or through the Medical Research Council. When the Council receives such monies, they must be placed in trust and disbursed in accordance with agreements between the contributor and the Council. The Medical Research Council received a contribution of $100,000 in 1986 and a trust account was established in accordance with the "Matching Policy". Payments from the fund are expected to be made in the next fiscal year. The transactions relating to these funds for the year ended March 31, 1987 are as follows:

	1987
	$
Contributions received	100,000
Interest received	1,719
Balance, end of year, represented by deposit with Receiver General for Canada	101,719

5. Commitments

The Council is committed to disburse grants and scholarships in future years subject to the provision of funds by Parliament. Future year commitments as at June 19, 1987 are as follows:

Year of Payment	1987	1986
	(in thousands of dollars)	
1986-87		154,695
1987-88	164,919	104,765
1988-89	110,283	52,168
1989-90	55,403	21,980
1990-91	22,904	10,349
1991-92	11,690	4,349
1992-93	4,349	
	369,548	348,306

6. Travel

Expenditure for travel charged to operations is related to the peer review process and was incurred by the members of 24 grant committees, 9 award committees and the staff of the Council to meet, assess and rate grant and award applications. In addition, travel expenditure incurred by the Council, its executive and standing committees and other non-staff advisory personnel is also charged to operations.

Expenditure for travel charged to administration is for the general support of the Council's administrative activities and includes meetings of ad hoc advisory groups established to study specific issues for the Council. Details are as follows:

	1987	1986
	(in thousands of dollars)	
Operations:		
Grant committees	395	359
Award committees	63	65
Council/executive	35	38
Peer review group	19	
Standing committees	18	40
Other non-staff	12	7
Staff	57	59
	599	568
Administration:		
Advisory groups	55	54
Staff	20	31
	75	85

All members of the Council and the committees listed above serve without remuneration. Only their travel expenses are reimbursed by the Council.

National Museums of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Museums of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Corporation. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements was derived from the financial statements as of March 31, 1987 as published in the annual report of the Corporation and that were audited by the Auditor General of Canada.

These financial statements were prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Corporation's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by frequent contacts between staffs of the Corporation and of the Auditor General's Office. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1987

1. Authority and objective

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

Operations and grants and contributions are funded by budgetary lapsing authorities and employee benefits are authorized by statutory authorities.

2. Accounting policies

(a) Expenditure

Expenditure is accounted for on the accrual basis of accounting, except for employee termination benefits, vacation pay, and trust account transactions which are accounted for on the cash basis of accounting.

(b) Revenue

Revenue is accounted for on the cash basis of accounting in accordance with Government of Canada accounting policies.

(c) Capital purchases

Capital acquisitions are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in the operating expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to past service, contributions are expensed when paid.

(g) Publishing and boutiques operations

Operating expenditure of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

3. Parliamentary appropriations

	1987			1986
	Gross	Credits	Net	Net
	$	$	$	$
Department of Communications				
Vote 70 (75 in 1986)	72,259,753	1,535,390	70,724,363	63,604,128
Overexpended (lapsed)	1,373,982		1,373,982	(2,722,291)
Deferred	(984,674)		(984,674)	(1,042,229)
	72,649,061	1,535,390	71,113,671	59,839,608

National Museums of Canada—*Continued*

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1987—*Concluded*

4. Excess of actual expenditures over parliamentary appropriation—Operating

For the fiscal year ended March 31, 1987, the Corporation's operating expenditures exceeded the parliamentary appropriation by $1,373,000. This situation is mainly attributable to the Corporation's acquisition of all the assets from the Canada Pavilion at Expo '86 for use in the fit-up of its new museum facilities. These items, which according to management, have an estimated market value of $4 million, were purchased at a cost of $2 million under a contractual agreement signed in August of 1986.

5. Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

Inventories on hand to year-end are as follows:

	1987	1986
	(in thousands of dollars)	
Books, pamphlets, replicas, etc.	1,201	898
Publications in process	240	384
	1,441	1,282

6. Fixed assets and accumulated depreciation

Had the previous accounting policies of the Corporation, continued with respect to the capitalization of fixed assets and recording depreciation, the balances would be as follows:

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	4,966	2		4,968
Furniture and equipment	9,800	2,252	1,073	10,979
EDP equipment	1,352	925		2,277
Automotive	1,161	266	150	1,277
	17,279	3,445	1,223	19,501

Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	2,016	199		2,215
Furniture and equipment	4,818	1,428	1,073	5,173
EDP equipment	575	455		1,030
Automotive	632	255	150	737
	8,041	2,337	1,223	9,155

Useful lives have been estimated as follows:

Leasehold improvements	Term of the lease
Furniture and equipment	5-12 years
EDP equipment	5 years
Automotive	5 years

7. Purchase of objects for the collections of the Corporation

	1987	1986
	(in thousands of dollars)	
National Gallery of Canada	1,249	1,175
Canadian Museum of Civilization	187	238
National Museum of Natural Sciences	74	75
National Museum of Science and Technology	83	60
	1,593	1,548

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE BOARD OF TRUSTEES
OF THE NATIONAL MUSEUMS OF CANADA

I have examined the balance sheet of National Museums of Canada as at March 31, 1987 and the statements of operations, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

I further report that, as disclosed in Notes 5 and 6 to the financial statements, the Corporation exceeded its parliamentary appropriation for operations, which is contrary to the provisions of the Financial Administration Act.

Kenneth M. Dye, F.C.A.
Auditor General of Canada

Ottawa, Canada
June 26, 1987

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority, objective and operations

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

2. Accounting policies

(a) Basis of accounting

Expenses and revenue are accounted for using the accrual basis of accounting, except for refunds of previous years' expenditure and the trust account which are recorded on a cash basis. Parliamentary appropriations are recorded in the year to which they apply.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period

National Museums of Canada—*Continued*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Continued*

(c) Property and equipment

Property and equipment are carried at cost and depreciated using the straight-line method over their estimated useful lives as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	5 to 10 years

(d) Collections

Collections constitute the major portion of the Corporation's assets but are shown at a nominal value of $1,000 on the balance sheet because of the practical difficulties in reflecting them at a meaningful value. Objects purchased for the collections of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the books of accounts.

(e) Services provided without charge

Amounts for services provided without charge by Government departments are included in operating expenses.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions.

(g) Publishing and boutiques operations

Operating expenses of publishing and boutiques, including costs relating to personnel, travel, transportation, advertising, building maintenance, rent and utilities, are included in general operating expenses.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Inventories

	1987	1986
	(in thousands of dollars)	
Books, pamphlets, replicas and other materials	1,201	898
Publications in process	240	384
	1,441	1,282

4. Property and equipment

	1987			1986
	Cost	Accumulated depreciation	Net book value	Net book value
	(in thousands of dollars)			
Equipment	9,919	4,669	5,250	4,255
Building renovations	4,968	2,215	2,753	2,949
Office furniture	4,614	2,271	2,343	2,034
	19,501	9,155	10,346	9,238

5. Parliamentary appropriations

	Operating expenditures		Grants	
	1987	1986	1987	1986
	(in thousands of dollars)			
Department of Communications				
Vote 70 (75 in 1986)	67,332	62,877		
Vote 75 (80 in 1986)			8,396	8,853
Deferred from the previous year	1,041	544		
Supplemented by Treasury Board				
Vote 5	2,217			
Vote 10	133	182		
	70,723	63,603	8,396	8,853
Amount overexpended (lapsed)	1,373	(2,711)		(518)
Amount deferred	(983)	(1,041)		
Amount used	71,113	59,851	8,396	8,335

The amount deferred represents the funds available for the purchase of objects for the collections of the Corporation until the end of the next year.

Vote 70 (1986—Vote 75) includes an amount of $4,746,000 (1986—$816,000) for new accommodations.

6. Excess of actual expenditures over parliamentary appropriation—Operating

For the fiscal year ended March 31, 1987, the Corporation's operating expenditures exceeded the parliamentary appropriation by $1,373,000. This situation is mainly attributable to the Corporation's acquisition of all the assets from the Canada Pavilion at Expo '86 for use in the fit-up of its new museum facilities. These items, which according to management, have an estimated market value of $4 million, were purchased at a cost of $2 million under a contractual agreement signed in August of 1986.

Employee compensation payments	23	24
	26,958	21,960

9. Commitments

(a) As at March 31, 1987, the Corporation had entered into various agreements for a total of approximately $2,706,000. The future minimum payments during the next 5 years are as follows:

	$
1988	866,000
1989	876,000
1990	964,000
1991	
1992	

(b) Subject to the provision of funds by Parliament, approved grants payable in future years are as follows:

	(in thousands of dollars)
1988	7,562
1989	184
1990	19
	7,765

10. Contingencies

Claims and potential claims totalling approximately $500,000 have or may be made against the Corporation in the context of their operations but are not reflected in the accounts. The outcome of these claims is not determinable at this time. Settlement, if any, resulting from the resolution of these claims will be accounted for in the year in which the settlement occurs.

11. Subsequent event

On May 21, 1987, the Minister of Communications announced that the Government has decided to proceed with the phasing out of the National Museums Corporation. Consequently, the responsibilities, authority and accountability of the directors of the National Gallery of Canada, the National Museum of Science and Technology, the Canadian Museum of Civilization and the National Museum of Natural Sciences will be increased. In addition, the NMC's National Programmes will be transferred to the Department of Communications. The financial effects of this decision cannot be determined at this time.

12. Comparative figures

Certain of the comparative figures have been reclassified to conform to the current year's presentation.

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the financial statements, unless indicated otherwise.

The Council's finance branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and to safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting systems and financial statements of the Council have evolved over the years to meet changing conditions and requirements. One area of heightened activity this past year has been that of cash management. The Council's finance branch, in conjunction with the central agencies, has undertaken a program to improve cash management practices and in so doing is examining ways to accelerate the collection of monies and conversely, ensure that payments of invoices are not made earlier than required.

Towards this end, systems have been modified to accommodate the Government's new payment on due date policy. A project to redevelop and upgrade the existing automated accounts receivable system was initiated with the view to improve account management and speed up the collection process. The new system was operational in June 1987. A second project, introducing the acceptance of credit cards as a means of paying for NRC products and services has commenced in October 1986.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and purpose

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule B to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and revenue credited to vote. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

	67,979,908	677,000	67,302,908	76,710,424
Vote 20	110,918,000		110,918,000	115,217,000
Lapsed	3,081,124		3,081,124	2,290,368
	107,836,876		107,836,876	112,926,632
Statutory contributions to employee benefits	21,072,000		21,072,000	20,406,000
Total use of appropriations	437,089,578	24,230,332	412,859,246	417,020,843
Add: services provided without charge by the Council and other Government departments	28,000,000		28,000,000	28,000,000
Less: non-tax revenue		(1,415,681)	1,415,681	1,472,835
Net cost of operations	465,089,578	25,646,013	439,443,565	443,548,008

In the current year, Vote structure has changed from Vote 5 to 10, Vote 10 to 15 and Vote 15 to 20. The previous year's Vote 20—Scientific and Technical Information program has been included in the Votes for Scientific and Industrial Research Program. The result is that Vote 10 increased from $187,164,209 to $206,977,787; Vote 15 from $76,518,103 to $76,710,424; Vote 20 from $112,848,632 to $112,926,632 and statutory contribution to employee benefits in Scientific and Industrial Research Program from $19,231,000 to $20,406,000.

4. Accounts receivable

At year end, accounts receivable from the provision of services and sales of publications are as follows:

	1987	1986
	$	$
Current:		
Outside parties	1,131,698	716,599
Government of Canada	3,981	3,616
	1,135,679	720,215

5. Trust accounts

The Council keeps in trust monies received from the Canadian Biological Society, the Shanghai Institute of Cell Biology, Atomic Energy of Canada Limited and Diacel Chemical Industries Ltd.

	1987	1986
	$	$
Balance, beginning of year	63,587	24,999
Payments made	13,140	43,866
Monies received	218,252	82,454
Balance, end of year	268,699	63,587

6. Contingent liabilities

In connection with its operations the Council is a defendant in certain cases of litigation. It is estimated that pending and threatened litigation amount to $297,108.

7. Contractual obligations

The Council has commenced capital expenditure programs aggregating $113,351,000 ($8,877,000 in 1987-88, $2,862,000 in 1988-89) for the modernization and extension to its laboratories and modernization of its computer equipment. To March 31, 1987 the Council has spent $101,612,000 on the programs.

Natural Sciences and Engineering Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Council's Directorate of finance and administration develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statements of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND
ENGINEERING RESEARCH COUNCIL
AND THE
MINISTER OF STATE FOR SCIENCE AND TECHNOLOGY

I have examined the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Council for the year ended March 31, 1987 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objective

The Council was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule B to the Financial Administration Act. Its objective is to promote and support the development and maintenance of research and the provision of highly qualified manpower in the natural sciences and engineering. The Council's grants and scholarships and operating expenditure are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure as disbursed. All other expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge

Estimates of amounts for services provided without charge from Government departments and agencies are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

(e) Contributions to the Public Service Superannuation Plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current year. Contributions with respect to past service benefits are expensed when paid, generally over the remaining service lives of the employees.

3. Parliamentary appropriations

	1987	1986
	$	$
Science and Technology		
Vote 25	12,273,000	11,259,000
Transferred to Vote 30	836,000

Natural Sciences and Engineering Research Council—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987—*Concluded*

4. Commitments

As at year end, the Council had the following commitments in respect of grants and scholarships which have been approved for payment in future years, subject to the provision of funds by Parliament and final approval by the Council:

	March 31	
	1987	1986
	(in millions of dollars)	
Year of payment		
1986-87		273.5
1987-88	294.9	147.9
1988-89	160.4	71.9
1989-90	73.5	9.3
1990-91	10.0	3.4
1991-92	1.7	
	540.5	506.0

5. Grants and scholarships administered and disbursed for Government departments, agencies and organizations outside the Government

Grants and scholarships administered and disbursed by the Council on behalf of Government departments, agencies and organizations outside the Government, which are not included in the statement of operations, are detailed in Schedule II. Most of these disbursements are made by the Council from lapsing funds entrusted to it by Government departments and agencies.

The Council held in trust for two organizations outside the Government (NATO and AECL) grants and scholarships funds.

	1987	1986
	$	$
Balance, beginning of year	108,761	83,006
Funds received	582,206	491,166

Science Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Science Council of Canada (hereafter called Council) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the audit and review committee of the Council.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Council's Directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations and the notes have been examined by the Auditor General, his role being to express an informed opinion as to whether this Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statements of the Council have evolved over the years to meet changing conditions. Council is constantly reviewing its policies and practices in order to improve its standards of accounting and financial management.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objective

The Council was established in 1966 by the Science Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Council's operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Accounting policies

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of office furniture and equipment are charged to expenditure in the year of purchase.

(c) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as non-tax revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

3. Parliamentary appropriations

	1987	1986
	$	$
Ministry of State for Science and Technology		
Vote 35	2,388,000	4,583,000

Add: services provided without charge by Government departments	494,174	501,677
Less: non-tax revenue		143
Net cost of operations	3,119,682	4,803,498

4. Employee termination benefits

In 1985-86, the Council spent $687,960 on employee termination benefits, which included payments to 27 employees under Treasury Board's early retirement program and under the Council's offer to laid-off employees. The 1986-87 expenditure of $25,769 represents retroactive pay increases on amounts paid to the terminated employees in 1985-86.

5. Bequest of Claudia de Hueck

In 1986-87, the Council received a bequest from Mrs. Claudia de Hueck to be used to promote the study of humanities, as the Council may see fit, and for educational purposes generally. The transactions relating to this account, which are not included in the statement of operations, are as follows:

	1987

Social Sciences and Humanities Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Social Sciences and Humanities Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements have been examined by the audit and review committee of the Council.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Council's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of an internal audit program. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

AUDITOR'S REPORT

TO THE SOCIAL SCIENCES AND HUMANITIES RESEARCH COUNCIL
AND THE
SECRETARY OF STATE OF CANADA

I have examined the statement of operations of the Social Sciences and Humanities Research Council for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Council for the year ended March 31, 1987 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objective

The Council was established in 1977 by the Social Sciences and Humanities Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to promote and assist research and scholarship in the social sciences and humanities.

The operating and grants expenditure are funded by budgetary lapsing authorities. Employee benefit plans contributions are authorized by a statutory authority.

2. Accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants are charged to expenditure when disbursed. Operating expenditure is recorded on an accrual basis, in accordance with the Government's Payables At Year End accounting policy, except for employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisition of office furniture and equipment is recorded as operating expenditure in the year of purchase.

(c) Services provided without charge by other departments

Estimates of amounts for services provided without charge by Government departments are included in operating expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditure on a current basis.

Social Sciences and Humanities Research Council—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1987—*Concluded*

3. Parliamentary appropriations

Parliamentary appropriations are recorded when used and any amount not used lapses in accordance with Section 30 of the Financial Administration Act. Appropriations are as follows:

	Grants		Operating expenditure	
	1987	1986	1987	1986
	(in thousands of dollars)			
Secretary of State				
Main Estimates				
Vote 25 (45 in 86)	57,524	54,624		
Vote 20 (40 in 86)			5,698	5,762
Supplementary Estimates (A)	6,300			
Supplementary Estimates (C)	600	2,900	(600)	
Contributions to employee benefit plans			542	546
	64,424	57,524	5,640	6,308
Amounts lapsed				
Amount not used		(290)	(79)	(265)
Reserve allotment			(140)	(67)
Total use of appropriations	64,424	57,234	5,421	5,976
Add: services provided by Government departments			737	453
Deduct: non-tax revenue			(756)	(635)
Net cost of operations	64,424	57,234	5,402	5,794

4. Supplementary information

(a) Accounts receivable

Accounts receivable from award holders amounting to $148,530 (1986—$77,059) are not included in the statement of operations.

(b) Queen's Fellowship Fund

The Queen's Fellowship Fund consists of $250,000 which has been deposited in an interest bearing trust account. The interest earned is used for fellowships to graduate students in certain fields of Canadian studies. The operations of the Fund, which are not included in the statement of operations, are as follows:

	1987	1986
	(in thousands of dollars)	
Balance, beginning of year	295	312
Add—Interest received	22	27
Less—Fellowships paid	(27)	(44)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	290	295

(c) Special Trust Fund

This trust fund was established for the receipt and disbursement of private donations for the purpose of special projects in the field of social sciences and humanities research activities. The operations of this special trust fund, which are not included in the statement of operations, are as follows:

	1987	1986
	(in thousands of dollars)	
Balance, beginning of year	41	25
Add—Donation received	13	25
—Interest received	2	3
Less—Fellowships paid	(38)	(12)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	18	41

5. Commitments

Payment of grants and scholarships extending in future years are subject to the provision of funds by Parliament. Future years awards approved prior to March 31, 1987 are payable as follows:

	(in millions of dollars)
1988	56.9
1989	15.0
Subsequent years	7.6
	79.5

The Director, The Veterans' Land Act

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control.

These financial statements were prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding period. Some of the information included in the financial statements is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill its reporting responsibility management maintains a system of internal control to assure that the financial information is reliable and that the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the financial statements, unless indicated otherwise. The Commission also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsability, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Auditor General performed an audit on the statement of operations for the months ended March 31, 1987 according to generally accepted auditing standards, his role being to express an informed opinion to see if the financial statement presents fairly the results of operations of the National Battlefields Commission for this period.

The opinion of the Auditor General is attached.

The National Battlefields Commission—*Concluded*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objectives

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

The Commission is a departmental corporation named in Schedule B to the Financial Administration Act.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the following accounting policies:

(a) Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are accounted for when paid.

(b) Acquisitions of fixed assets, supplies and small tools are charged to operating expenditures in the year of purchase.

(c) Expenditures include estimated amounts for services provided without charge by a Government department.

(d) Receipts are recorded on a cash basis.

(e) Contributions to the superannuation plan administered by the Government of Canada, in respect of current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. The contributions represent the total liability of the Commission under the plan.

3. Parliamentary appropriation

	1987	1986
	$	$
National Battlefields Commission—Operating expenditures		
Vote 30	2,332,000	2,909,000
Lapsed	(81,536)	(132,267)
Use of appropriation	2,250,464	2,776,733
Add: services provided without charge by a Government department	4,600	4,600
contributions to employee benefit plans—Statutory vote of the Parks Canada Program	81,182	
Less: non-tax revenue	(37,280)	(14,870)
Net cost of operations	2,298,966	2,766,463

4. Supplies inventory

As at March 31, 1987, the supplies inventory held by the Commission was valued at $37,352 ($48,620 at March 31, 1986). The value of the inventory has been established using the weighted average cost method.

5. Fixed assets

The cost of fixed assets under the responsibility of the Commission is as follows:

	March 31, 1986	Additions	Disposals	March 31, 1987
	$	$	$	$
Land	724,710			724,710
Roadways, driveways and landscaping	1,011,284	18,147		1,029,431
Buildings	299,936	56,373		356,309
Equipment	876,078	46,706	57,976	864,808
	2,912,008	121,226	57,976	2,975,258

6. Special land purchase fund

Funds have been received from provincial and municipal governments and other administrations for the specific purpose of acquiring certain lands. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund. As at March 31, 1987, the balance of this special fund amounts to $132,041 ($122,760 as at March 31, 1986) and is on deposit with the Receiver General for Canada. Interest earned during the year then ended amounted to $9,281 ($12,020 in 1986).

7. Ex-gratia payments

It has been decided to retain the exemption from grants in lieu of real estate taxes on federally owned park land in urban areas contained in the Municipal Grants Act. To compensate for the cessation of grants previously paid, the Treasury Board has approved ex-gratia payments corresponding to the 1985 municipal taxes for the year 1985-86, no more than $^{2}/_{3}$ of those taxes for the year 1986-87 and no more than $^{1}/_{3}$ of those taxes for the year 1987-88, with payments to cease thereafter.

8. Fines and penalties

For part of the year, fines and penalties levied for violations on the territory of the Commission were remitted by the courts directly to the Department of Justice and deposited into the Consolidated Revenue Fund. Amounts thus remitted but not accounted for by the Commission for the year ended March 31, 1987 totalled $7,608.

9. Contractual obligation

In the course of its activities, the Commission has entered into a maintenance contract for the fiscal year 1987-88 for an amount of $117,122.

10. Contingent liabilities

In connection with its operations, the Commission is the defendant in certain pending claims and lawsuits. It is the opinion of management that these actions will not result in any material liabilities to the Commission.

FINANCIAL STATEMENTS OF OTHER ENTITIES

Agricultural Products board

MANAGEMENT REPORT

In connection with the recording of financial transactions in the Accounts of Canada and the reporting of financial information to be included in the Public Accounts, relating to Agricultural Products Board for the year ended March 31, 1987, we make the following representations, based on the best of our knowledge and belief.

We have prepared the accompanying financial statements of the Agricultural Products Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The responsibility for the integrity and objectivity of data in these financial statements rest with the Board.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements are based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the financial statements, unless indicated otherwise.

The Board maintains systems of financial management and internal control. Transactions are executed in our opinion, in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Agricultural Products Board—*Continued*

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the balance sheet of the Agricultural Products Board as at March 31, 1987 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1987 and the results of its operations and the changes in its equity for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

As explained in Note 3, the Board has entered into an agreement requiring that an agent provide a trust account in a chartered bank for the receipt and disbursement of funds received from the Board and of funds received from the sale of surplus products in respect of the Surplus 1986 Ontario Grapes Program. An amount of $4,360,000, recorded as a use of parliamentary appropriation by the Board, was deposited in this trust account and disbursed for purposes of the Program. A further $1,104,251 comprising proceeds from the sale of surplus products, refunds of processing costs and interest was also deposited to this account. Of this latter amount, $914,939 was later disbursed from the trust account for purposes of the Program. The Agricultural Products Board Act requires that all expenditures for the purposes of the Act be paid out of moneys appropriated by Parliament. The Financial Administration Act requires that public money be deposited to the credit of the Receiver General.

In my opinion, because the Board has entered into an agreement which resulted in a trust account being maintained for the receipt and disbursement of public money and moneys appropriated by Parliament as described in the preceding paragraph, the related transactions of the Board that have come to my notice during my examination of the financial statements have not been in accordance with the Appropriation Acts Nos. 1 and 2 (1986-87), the Financial Administration Act and regulations and the Agricultural Products Board Act.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987

1. Authority and objective

The Agricultural Products Board (the Board), which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises four members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

2. Accounting policies

The Board follows the accrual basis of accounting.

Inventories are valued at the lower of cost and net realizable value.

A statement of changes in financial position has not been presented since the Board's financing activities are disclosed in the statement of equity and Note 3.

3. Moneys administered in trust

On November 15, 1986, the Board entered into an agreement with The Ontario Grape Growers' Marketing Board (OGGMB) requiring that the OGGMB provide, through a public accounting firm, accounting services to the Board and a trust account in a chartered bank for the receipt and disbursement of funds received from the Board, funds from the sale of surplus products and funds received from the Province of Ontario in respect of the Surplus 1986 Ontario Grapes Program. An amount of $4,360,000, recorded as a use of parliamentary appropriation by the Board, was deposited in this trust account as well as $1,793,000 from the Province. A further $1,104,251 comprising proceeds from the sale of surplus products, refunds of processing costs and interest was also deposited to this account. Of this latter amount, $914,939 was later disbursed from the trust account for purposes of the Program.

The Surplus 1986 Ontario Grapes Program comprised substantially all of the operations of the Board for the year ended March 31, 1987.

4. Inventories

	1987		1986	
	Net realizable value	Write-down	Net realizable value	Write-down
	$	$	$	$
Grape products	3,741,332	2,993,530	3,455,395	1,151,472
Raspberry concentrate			244,140	2,400,000
	3,741,332	2,993,530	3,699,535	3,551,472

The write-down of inventories to reflect their net realizable value has been charged to cost of sales in the statement of operations.

5. Long-term notes receivable

Date of maturity	Interest terms	1987	1986
		$	$
May 4, 1988	Commercial bank prime per annum, non-compounding	450,000	525,000
December 31, 1992		775,522	909,851
		1,225,522	1,434,851

6. Use of parliamentary appropriation

	1987	1986
	$	$
Expenditure		
Purchases, processing and carrying charges		
Grapes	5,107,683	8,157,459
Corn		9,196
	5,107,683	8,166,655
Administration	101,931	68,705
Less: services provided by Government departments without charge	(19,280)	(15,579)
Total expenditure financed from parliamentary appropriation—Department of Agriculture Vote 5	5,190,334	8,219,781

7. Losses in excess of the amount authorized

The Board has incurred losses to March 31, 1987 of $2.8 million in excess of the maximum amount authorized by Governor in Council in respect of the Surplus 1984 Ontario Grapes Program. The Board will seek Governor in Council approval for losses incurred in excess of the maximum amount originally approved (see Note 8).

8. Subsequent event

On August 20, 1987, Governor in Council authority (PC 1987—1/1787) was received for additional losses on the Surplus 1984 Ontario Grapes Program bringing the total authorized losses for this Program to $5.85 million.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions.

The Medical Research Council provides secretarial and other administrative and technical services to the Board, including maintaining systems of financial management and internal control. Transactions are executed in accordance with the Queen Elizabeth II Canadian Research Fund Act and are properly recorded to maintain accountability of funds and to safeguard the Board's assets.

These financial statements have been examined by the Auditor General, his role being to express an informed opinion as to whether the Board's financial statements, considered in its entirety, present fairly, in conformity with stated accounting policies, the Board's financial transactions.

AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
AND THE
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1987 and the statements of operations and balance of fund and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Queen Elizabeth II Canadian Research Fund Act and by-laws of the Board.

Raymond Dubois, C.A.
Deputy Auditor General
for the Auditor General of Canada

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1987

1. Authority and purpose

The Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children was established by the Queen Elizabeth II Canadian Research Fund Act in 1959 to assist individuals or organizations to undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. The Act provided for an initial one million dollar appropriation from the Consolidated Revenue Fund and established the Board of Trustees, consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal. The Board manages and administers the Fund in accordance with and subject to the Act.

2. Accounting policies

Revenue from, and investment in, Government of Canada securities

The investment in Government of Canada securities is recorded at cost. All gains or losses, including any premium or discount on acquisition, are recognized as revenue when the securities are sold. Interest income is recorded on an accrual basis.

Scientist awards and other expenses

Scientist awards are provided for in the year the awards are approved. Any subsequent increase or decrease in an award is accounted for in the year the increase or decrease is approved. Any awards cancelled subsequent to the year of approval are recognized as revenue in the year of cancellation. Refunds of unspent awards are recorded as revenue when received. Other expenses are recorded on an accrual basis.

Services provided without charge

The Medical Research Council provides the Board, without charge, with such secretarial and other administrative and technical services and facilities as are required for the purposes of the Act.

3. Queen Elizabeth II Visiting Professorships

At a Board of Trustees meeting on March 20, 1985, a decision was taken not to offer any new scientist awards for the time being. At the same meeting, the Board approved the establishment of a Lectureship award, to be known as the Queen Elizabeth II Visiting Professorships, to enable Canadian departments of pediatrics to invite scientists of international calibre to visit their departments. This is designed to help strengthen the departments' scientific and research efforts in childhood diseases. The first awards were made in 1986-87.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children—*Concluded*

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1987—*Concluded*

4. Investment in Government of Canada securities

	1987			1986		
	Par Value	Cost	Market Value	Par Value	Cost	Market Value
	$	$	$	$	$	$
Government of Canada bonds	150,000	138,000	147,938	150,000	138,000	144,750
Government of Canada treasury bills	10,000	9,897	9,900	30,000	29,356	29,929
Government of Canada residuals	259,500	181,299	213,132	234,000	179,346	197,691
	419,500	329,196	370,970	414,000	346,702	372,370

Under the terms of the Act, the Board may invest any moneys of the Fund in bonds or other securities of the Government of Canada and may sell any such bonds and securities. The securities held at March 31, 1987 bear interest at rates ranging from 6.35% to 10.67% a year. Since interest on Government of Canada residuals is paid only at maturity, the market price of these residuals takes into account accrued interest, current prevailing interest rates and the term to maturity.

5. Changes in financial statement presentation

The format of the statement of changes in financial position has been changed in 1987 to comply to current standards of statement presentation.

Figures for 1986, presented for comparative purposes, have been restated to conform to the 1987 presentation.

Canadian Grain Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canadian Grain Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in the financial statements rests with the management of the Commission.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. To fulfill its reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the financial statements, unless indicated otherwise.

The Department of Agriculture's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Commission's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Commission also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Commission's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Commission's financial transactions.

The accounting system and financial statements of the Commission have evolved over the years to meet changing conditions.

AUDITOR'S REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS
CANADIAN GRAIN COMMISSION

I have examined the statement of operations of the Canadian Grain Commission for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Commission for the year ended March 31, 1987 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

The accompanying schedule and notes are an integral part of this statement.

NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1987

1. Authority and objectives

The Canadian Grain Commission was established under Section 3 of the Canada Grain Act (1970) to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets. The Canadian Grain Commission operates under lapsing authority however, there are some personnel costs covered by statutory authorities.

The Commission exercises certain responsibilities under the following Acts and associated regulations in addition to the Canadian Grain Act.

Financial Administration Act
Grain Futures Act
Weights and Measures Act
Western Grain Stabilization Act
Western Grain Transportation Act

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Expenditure is recorded on the accrual basis for all goods and services received and/or performed up to March 31, 1987, with the exception of termination payments and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with Government of Canada accounting policies. Revenue is credited directly to non-tax revenue.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Amounts representing services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Changes in financial statement presentation

The financial statement presentation has been changed to reflect the costs related to the supervision of the Grain Futures Act and employee termination payments.

Figures for 1986, presented for comparative purposes, have been restated to conform to the 1987 presentation.

MARCH 31, 1987—*Concluded*

4. Parliamentary appropriations

	1987	1986
	$	$
Department of Agriculture		
Vote 35 (Vote 50, 1985-86)—		
Program expenditure and contributions	43,311,000	42,256,000
Less: Supplementary Estimates	3,737,000	
Amount lapsed	1,587,912	8,855,619
	37,986,088	33,400,381
Statutory—Contributions to employee benefit plans	5,093,000	4,904,000
Total use of appropriations	43,079,088	38,304,381
Add: services provided without charge by Government departments	932,000	742,000
Less: revenue credited to non-tax revenue	43,783,106	32,712,981
Net cost of operations	227,982	6,333,400

5. Accounts receivable

As at March 31, 1987, accounts receivable from outside parties for services provided by the Commission were $4,078,239 (1986—$3,338,463).

6. Lease commitments

Lease commitments under operating leases with terms of more than one year total $11,452,354. The future aggregate minimum lease payments to Public Works Canada by fiscal year are as follows:

	$
1988	2,428,797
1989	2,371,309
1990	2,261,087
1991	2,233,964
1992 and on	2,157,197

7. Contingent liabilities

The Commission has exercised its powers under Sections 36 and 38 of the Canada Grain Act in revoking licences which included the realization of posted securities. As a result, various claims and lawsuits have been brought against the Commission.

The Commission was given notice of a statement of claim that names the Commission as one of several Government departments who allegedly were negligent in the manner of testing of toxins contained in the winter wheat crops of 1980. Damages are claimed for storage costs and transportation costs incurred by reason of the alleged negligence.

In the opinion of management and legal counsel the losses, if any, cannot be determined at this time. Accordingly, no provision has been made in the accounts of the Commission.

TAXATION—*Continued*

$

PC 1986—9/1944, dated August 13, 1986, authorized the remission of interest of $4,401 in respect of 1976 and 1977 income taxes payable by Marcelle Plante.

Resource Royalty (1)

PC 1986—2603, dated November 20, 1986, authorized the remission of income taxes, interest and penalties payable under the Income Tax Act by certain enterprises of the United States and West Germany by reason of the non-deductibility of resource royalties.

Tootoosis, Helen 7,860

PC 1986—3/2469, dated October 30, 1986, authorized the remission of income taxes of $1,461, $1,898 and $1,240 for 1975, 1976 and 1977 respectively, plus interest of $3,261, with respect to employment income as a registered Indian, payable by Helen Tootoosis.

Town of Gagnon (1)

PC 1986—2918, dated December 19, 1986, amended the Town of Gagnon Remission Order made by Order in Council PC 1985—1359 of April 19, 1985, to extend the remission of taxes to all retiring allowances related to the closing of mining operations at Fire Lake and Lac Jeannine, Quebec.

Wabick, Josephine 3,323

PC 1986—4/2794, dated December 11, 1986, authorized the remission of income taxes in the amount of $1,943, plus a penalty of $159 and interest of $1,221, for the 1977 taxation year, to Josephine Wabick, because the Department of National Revenue neglected to process the 1977 return before the statute-barred date.

Warr, Ada (1)

PC 1987—5/421, dated March 5, 1987, authorized the remission of income taxes of $402, $165, $181 and $1,089 for the taxation years 1977, 1978, 1979 and 1980 respectively, plus interest of $9, with respect to Employment Insurance Benefits and the application of ITAR 19(1), to Ada Warr.

Weedon, John 4,524

PC 1986—5/1180, dated May 15, 1986, authorized the remission of income taxes of $2,637, plus interest of $1,887, with respect to the disposition of capital property for the 1979 taxation year, to John Weedon.

Chevron (1)

PC 1984—1758, dated May 24, 1984, authorized the remission of income taxes of $90 million to Chevron Standard Limited in respect of the 1975 to 1982 taxation years. The remission was to be satisfied by permitting Chevron Canada Resources Limited to reduce the taxes otherwise payable for the 1983 and each subsequent taxation years by an amount equal to the lesser of $15 million or the tax otherwise payable by it for the year until the full $90 million has been remitted. In the event that the full amount of $90 million has not been remitted by the end of the 1988 taxation year, the outstanding balance of taxes shall be remitted during the 1989 taxation year.

Government and Long-Term Corporate Debt Obligations (1)

PC 1985—3480, dated November 28, 1985, authorized the remission of income taxes payable on interest income received by non-resident persons from residents of Canada in respect of government and long-term corporate debt obligations issued in 1986.

Hudson's Bay Oil and Gas Company (1)

PC 1985—343, dated February 5, 1985, authorized the remission of income taxes, interest and penalties payable by Hudson's Bay Oil and Gas Company, for each taxation year ending after 1983 and before 1991, in respect of the acquisition of capital stock by Dome Energy.

Income Earned in Quebec (1)

$

PC 1983—105, dated January 20, 1983, authorized the remission of income taxes, interest and penalties, in respect of certain income of individuals earned in the Province of Quebec, for the 1983 and subsequent taxation years.

Indian (1)

PC 1985—2446, dated August 7, 1985, authorized the remission of certain income taxes payable by an Indian, for the 1983, 1984 and 1985 taxation years, in respect of employment income earned on a reserve.

Isolated Posts Benefits and Allowances 7,224

PC 1984—3791, dated November 29, 1984, amended the Isolated Posts Benefits and Allowances Remission Order made by Order in Council PC 1980—1717 of June 26, 1980, extending its application in respect of benefits received under specified employment agreements to the 1983, 1984 and 1985 taxation years.

Isolated Posts Housing and Travel Assistance Benefits (1)

PC 1984—3792, dated November 29, 1984, authorized the remission of income taxes on housing benefits and travel assistance benefits received by employees at isolated posts in the 1983, 1984, and 1985 taxation years.

Liberian Iron Ore Limited (1)

PC 1984—3527, dated November 1, 1984, authorized the remission of certain income taxes payable by the Liberian Iron Ore Limited, for the 1976 and subsequent taxation years, as a result of the redemption of the Series C Preferred Shares of the capital stock of the Liberian American-Swedish Minerals Company owned by it and acquired by it in exchange for certain debentures.

Lowy, Jacob M 74,838

PC 1976—8/3174, dated December 23, 1976, authorized Jacob M Lowy to deduct from taxable income, a total amount of $1,600,000 over a period of ten years, in respect of the disposition of a collection of Hebrew books as a gift to Her Majesty.

Manitoba Credit Union and Caisse Populaire Stabilization Funds 103,456

PC 1985—1410, dated April 25, 1985, authorized the remission of income taxes payable in respect of certain government assistance provided to the Credit Union Stabilization Fund of Manitoba and the Fonds de Sécurité des Caisses Populaires du Manitoba Ltée.

Mirabel and Pickering Tax on Interest 13,735

PC 1980—2681, dated October 9, 1980, authorized the remission of income taxes, interest and penalties in respect of interest received by former landowners for land expropriated at Mirabel, Quebec, and Pickering, Ontario.

Pechiney Quebec, Inc (1)

PC 1984—3581, dated November 1, 1984, authorized the remission of certain income taxes in respect of interest payable by Pechiney Quebec, Inc.

Quebec Forward Averaged Income Tax—1982 13,318

PC 1984—2894, dated August 23, 1984, authorized the remission of income taxes in respect of forward averaged income earned in the Province of Quebec in 1982.

Syncrude 22,056,680

PC 1976—1026, dated May 6, 1976, authorized the remission of income taxes payable pursuant to Part I of the Income Tax Act, in respect of certain royalty provisions.

Town of Gagnon (1)

PC 1985—1359, dated April 19, 1985, authorized the remission of income taxes payable in respect of capital gains, the recapture of capital cost

(1) Actual amounts not available.

Debts, obligations and claims written off or forgiven

There are three types of authority for the write-off or forgiveness of debts, obligations and claims:

(i) Ministerial authority—

(a) Section 18(1) of the Financial Administration Act (FAA) gives Ministers, through Treasury Board regulations, general authority to write-off, from the memorandum departmental accounts receivable, any debt, obligation or claim that does not exceed $25,000.

(b) Other Acts of Parliament (eg. Bankruptcy Act) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.

(ii) Treasury Board authority—Section 18(1) of the FAA allows a Minister, with specific Treasury Board approval, to write-off, from memorandum departmental accounts receivable, any debt, obligation or claim that exceeds $25,000. Certain debts, obligations or claims less than $25,000 may need Treasury Board approval to be written off.

(iii) Parliamentary authority—

(a) Section 18(2) of the FAA requires that where a debt obligation or claim included in the Statement of Assets and Liabilities of Canada is to be written off, the write-off must be specified by Parliament as a budgetary item in an Appropriation Act or some other Act.

(b) Section 18(5) of the FAA specifies that any debt or obligation of a Crown corporation due to the Government may be forgiven by being included in a budgetary vote in an Appropriation Act.

The type of accounts and the type of deletions are indicated by the following codes:

Account	Deletion	Code
Memorandum accounts receivable	Write-off	A
Memorandum accounts receivable	Forgiveness	B

Statement of accounts receivable 4.2
Notes to statement of accounts receivable 4.3

Statement of accounts receivable

In accordance with its accounting policy, the Government generally reports revenue in the year in which it is received. Therefore, amounts representing billed but uncollected and/or unbilled and accrued financial claims arising from amounts owed to a Government body for self-assessed taxes, use of its assets or from proceeds for provision of services and interest capitalized, deferred, due and accrued, are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These items, however, are controlled through memorandum accounts kept by Government bodies and are presented in this statement.

Items shown as Internal to the Government do not represent cash to be received. They are memorandum amounts and are not included in the total net accounts receivable.

Accounts receivable as at March 31

Notes to statement of accounts receivable

(1) This statement includes receivables of the Unemployment Insurance Account. National Revenue—Taxation has reported $49,516,146 in Unemployment insurance accounts receivable as at March 31, 1987 ($58,117,941 as at March 31, 1986) which represent deductions at source.

(2) Not included in the statement are contingent receivables estimated at $27,735,919 for customs duties and excise taxes relating to motor vehicles and motor vehicle parts imported by vehicle manufacturers who have not fully complied with conditions specified under automotive incentive programs.

(3) The excise taxes and duties accounts receivable (outside parties and internal to the Government) amount to $249,870,672 and are summarized in the following table:

	Customs	Excise	Total
	$	$	$
Active This category represents accounts other than bankruptcies and receiverships upon which collection action is being taken, and accounts being disputed or appealed which are awaiting a decision under governing acts or regulations. There are 20,862 such accounts.	28,311,000	68,206,000	96,517,000
Active/uncollectable This category includes accounts in bankruptcy or receivership awaiting finalization by trustees or receivers, and accounts awaiting approval for deletion by the Departmental Uncollectable Accounts Committee. There are 1,807 such accounts.	120,944,000	32,410,000	153,354,000
	149,255,000	100,616,000	249,871,000

PROFESSIONAL AND SPECIAL SERVICES

The following statement presents a summary of professional and special services by ministry and main classification for the year ended March 31, 1987. This section also presents, for each program, the total amount spent for each classification of services together with a detailed listing of (a) individual payments of $50,000 or over; or (b) the aggregate of all payments to one individual or one organization that totals $50,000 or over. A summary of total current year's expenditure (standard object 04) by department and agency is provided in Section 1 (Table 5) of Volume II (Part I).

Construction and acquisition of land, buildings and works

This statement provides total current year's expenditure by program, with details for contracts of $250,000 or over ($25,000 or over for cost plus contracts). In this statement:

- one asterisk (*) adjacent to amounts in the expenditures to date column indicates that amounts reported in previous year's Public Accounts have been amended in the current year;
- two asterisks (**) adjacent to name and location of contractor indicate the contracts that have been awarded through the Department of Public Works;
- three asterisks (***) adjacent to amounts in the amount of contract column indicate cost plus contracts; and
- an (*f*) adjacent to amounts in the expenditures to date column indicates the contracts completed in the current year.

A summary of total current year's expenditure (standard object 08) by department and agency is provided in Section 1 (Table 5) of Volume II (Part I).

---

* Amends reporting in previous year's Public Accounts.

** Awarded through Public Works.

*** Cost plus contract.

(*f*) Contract completed.

(1) Related to a project in excess of $250,000.

(2) Joint project between Fisheries and Oceans and Transport Canada. Current year expenditures by Fisheries and Oceans were $1,396,119 and by Transport Canada $2,960.

(3) The amount of $436,314,537 includes the Public Works Revolving Fund. Since the Public Works Revolving Fund provides construction services on a cost recoverable basis to other programs, departments and agencies of the Government of Canada, detailed information for inclusion in this statement is therefore reported by the entities that received such services.

(4) An amount of $325,933 was charged to standard object 06.

Construction and/or acquisition of machinery and equipment

This statement provides an analysis of the current year's expenditure (standard object 09) by main category of machinery and equipment for the year ended March 31, 1987. A summary of total current year's expenditure by department and agency is provided in Section 1 (Table 5) of Volume II (Part I).

Contributions to the respective provinces in accordance with the agreements of transfer of departmental hospitals $32,099,867

Provincial and Dominion Land Grants $107,189

Contributions to aging veterans to assist in defraying costs of extended health care not covered by provincial health program $17,876,697

CANADIAN PENSION COMMISSION PROGRAM
$768,170,771

The Flying Accidents Compensation Order $404,084

World War I $75,626,458

World War II $630,550,409

Civilians World War II $2,220,473

Defence Forces, Peacetime Services $44,776,645

Special Forces (Korea) $12,817,717

Newfoundland Special Awards $17,102

Burial Grants $1,657,841

Gallantry Awards $29,504

Compensation for Loss of Earnings $70,538

APPENDIX 1

Payments under Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977 (National Health and Welfare)
(in thousands of dollars)

Provinces and territories	Insured health services	Extended health care services	Total 1986-87
Newfoundland	140,613	25,797	166,410
Prince Edward Island	31,107	5,725	36,832
Nova Scotia	214,925	39,438	254,363
New Brunswick	181,475	32,173	213.648
Quebec	1,085,629	294,503	1,380,132
Ontario	2,002,812	407,344	2,410,156
Manitoba	262,586	48,139	310,725
Saskatchewan	254,591	45,461	300,052
Alberta	515,509	106,396	621,905
British Columbia	779,349	129,389	908,738
Total provinces	5,468,596	1,134,365	6,602,961
Northwest Territories	9,067	2,261	11,328
Yukon Territory	5,358	1,039	6,397
Total	5,483,021	1,137,665	6,620,686

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. These contributions take the form of a transfer of a predetermined number of tax points (and associated equalization) which are estimated at 5.3 billion in 1986-87, together with the payment of a predetermined base amount of cash escalated on the basis of growth of the gross national product and population (as shown above). The payment of cash contributions is also subject to various provisions of the Canada Health Act. In order that a full cash contribution may be paid, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and in addition, give recognition to the contributions and payments made by Canada under the Canada Health Act.

Additionally, the Act requires that the provinces must not permit extra-billing by a medical practitioner or a dentist or the assessment of user charges by a hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from cash contributions.

The Act also provides that if, prior to March 31, 1987, a province eliminates extra-billing or user charges, the amounts deducted shall be refunded to the province.

All provinces have taken action to eliminate extra-billing or user charges as defined under the Canada Health Act. With the exception of the extra-billing deduction for New Brunswick, all refunds have been made.

Transactions during the year with respect to the deduction and reimbursement of extra-billing and user charges were as follows:

Provinces	Deductions not refunded at March 31, 1986	Deductions 1986-87		Refunds 1986-87	Deductions not refunded at March 31, 1987
		Extra-billing	User charges		
	(in thousands of dollars)				
New Brunswick	6,384	206	296	(6,533)	353(1)
Quebec	14,032			(14,032)	
Ontario	93,324	13,332		(106,656)	
Alberta	21,792	5,878	1,362	(29,032)	
British Columbia	53,417		31,332	(84,749)	
Total	188,949	19,416	32,990	(241,002)	353

(1) To be refunded during fiscal year 1987-88.

APPENDIX 2

Payments under the Canada Assistance Plan (National Health and Welfare)
(in thousands of dollars)

Provinces and territories	Year ended March 31		Increase or decrease (-)
	1987	1986	
Newfoundland	85,460	75,694	9,766
Prince Edward Island	19,780	20,734	(954)
Nova Scotia	124,405	104,476	19,929
New Brunswick	145,108	136,906	8,202
Quebec(1)	1,107,757	1,198,334	(90,577)
Ontario	1,132,191	1,052,343	79,848
Manitoba	154,581	141,306	13,275
Saskatchewan	160,705	148,630	12,075
Alberta	427,333	389,773	37,560
British Columbia	632,056	593,473	38,583
Total provinces	3,989,376	3,861,669	127,707
Northwest Territories	12,004	11,576	428
Yukon Territory		2,860	(2,860)
Total	4,001,380	3,876,105	125,275

The Canada Assistance Plan Act authorizes the Government to enter into agreements with provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

(1) The Province of Quebec has opted to receive special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for Special Welfare programs of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax abatement units equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan.

The amounts received by Quebec were:

	1986-87	1985-86
	(in thousands of dollars)	
Cash payments	1,107,757	1,198,334
5 tax abatement units (estimated value)	438,040	407,445
	1,545,797	1,605,779

APPENDIX 3

Details of New Horizons Payments (National Health and Welfare)
(in thousands of dollars)

	Year ended March 31, 1987		Year ended March 31, 1986	
Provinces and territories	Number of projects funded	Payments	Number of projects funded	Payments
Newfoundland	41	209	48	235
Prince Edward Island	20	65	17	96
Nova Scotia	87	394	99	518
New Brunswick	80	309	71	381
Quebec	636	2,429	583	2,939
Ontario	565	3,582	468	4,334
Manitoba	74	495	73	634
Saskatchewan	156	489	193	607
Alberta	134	739	122	834
British Columbia	234	1,257	227	1,541

Northwest Territories	2	15	1	6
Yukon Territory			1	2
Total	2,029	9,983	1,903	12,127

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished by providing professional assistance and financial contributions to help groups of seniors to plan and develop projects in keeping with their interests and talents. These projects help participating seniors to remain socially active and provide them with an opportunity to become involved in community service projects which help many seniors to prolong an independent life-style.

APPENDIX 4

Summary of payments under the Family Allowances Act (National Health and Welfare)

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1987	3,659	6,592	2,534
1986	3,645	6,585	2,501
1985	3,635	6,586	2,418
1984	3,638	6,622	2,326
1983	3,642	6,672	2,231

Federal family allowances are paid in respect of dependent children under age 18. Although payment is normally made to the mother, it may be made to any person who has assumed responsibility for the maintenance of the child. Special allowances are paid for children who are maintained by agencies or institutions. The legislation provides for annual escalation of the allowance in January of each year based on increases in the Consumer Price Index in excess of 3%. The federal monthly rate of family allowances per child was $31.58 in 1986 and $31.93 in 1987. Special allowances were $47.12 a month in 1986 and $47.64 in 1987.

A provincial government may request the federal government to vary the federal family allowances rate payable in that province on the basis of the age of the children or the number of children in the family, or both, provided that the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province for a specific four year period is equal to the average monthly federal rate over the same period. The provinces of Alberta and Quebec have exercised this option.

In March 1987, there were 3,659,017 families and agencies receiving an average of $58.22 on behalf of 6,591,974 eligible children.

Child Tax Credit is an income-tested benefit designed to assist low and middle income families with children. The basic amount of 1986 Child Tax Credit was $454.00 per child. The total credit payable was reduced by 5% of net family income above $23,500. Payments applicable to taxation years 1984, 1985 and 1986 made from April 1, 1986 to March 31, 1987 amounted to $20,138,204, $804,566,476 and $535,777,436 respectively, a total of $1,360,482,116.

APPENDIX 5

Summary of payments under the Old Age Security Act (National Health and Welfare)
(in millions of dollars)

	Year ended March 31				
	1987	1986	1985	1984	1983
Old age security pension (OAS)	9,520	8,858	8,216	7,649	7,005
Guaranteed income supplement (GIS)	3,452	3,319	2,953	2,524	2,416
Spouse's allowance (SPA)	473	348	249	233	222
	13,445	12,525	11,418	10,406	9,643

A full or partial basic Old Age Security pension is payable at age 65 or later to everyone who has met certain residence requirements.

A guaranteed income supplement is an additional amount payable to pensioners who have little or no other income apart from the old age security pension. Entitlement is normally based on income in the preceding calendar year, computed in accordance with the Income Tax Act. Where a married couple is concerned, each is considered to have one half of their combined income.

Spouse's allowance is payable to the spouse of a pensioner if the spouse is age 60 to 64 and to widows and widowers aged 60 to 64. All recipients must meet certain residence requirements. Entitlement is based on income.

All benefits under the old age security program are subject to change in January, April, July and October of each year based on increases in the consumer price index.

The benefits in effect as at April 1, 1987 were as follows:

Monthly benefits	$
OAS (basic)	300.34
GIS (maximum)	
Single person or a married person whose spouse is not in receipt of OAS or SPA	356.94
Married couple, both pensioners—Each	232.47
Spouse's allowance (maximum)	532.81
Widowed recipients	588.24

In March 1987, there were 2,748,504 old age security pensioners, of whom 1,345,391 or 50% were also receiving a supplement; the average supplement paid was $219.50. In addition there were 143,764 spouses of pensioners in receipt of spouse's allowance. The average spouse's allowances benefit was $286.56.

---

(1) For unmatured debt, the amount of principal represents the closing balance as at March 31, 1987. For the specified purpose accounts and the other accounts, the amount of principal represents the net closing balance as at March 31, 1987.

(2) Amounts reported in this column represent interest (i.e. interest on unmatured debt (including Treasury bill and Canada bill discounts), on specified purpose accounts and on other accounts) unless otherwise indicated.

(3) Exchangeable at the option of the holder for an equal par value bond bearing the same interest rate.

(4) Converted to $1 US = $1.3055 Canadian.

(5) These amounts include charges and receipts for swap agreements which correspond to these debt issues.

(6) Converted to 1 DM = $.7218 Canadian.

(7) Converted to 1 SF = $.8640 Canadian.

(8) Converted to 1 Y = $.008939 Canadian.

(9) Term to maturity is 20 years, or such lesser period as may from time to time be fixed by the Minister of Finance on recommendations of the Chief Actuary of the Department of Insurance, redeemable in whole or in part before maturity only at the option of the Minister of Finance.

(10) Interest on this balance is distributed to the Provinces of Ontario and Quebec on a basis of population.

Ex gratia payments	9.14
Federal Court awards	9.20
Nugatory payments	9.22

Payments of damage claims

This statement provides, by ministry and program, details for all payments of damage claims of $1,000 or over. Payments of less than $1,000 are reported as one amount at the end of each program, together with the total number of such claims. A damage claim is a claim for damages for which the Crown was liable under the Crown Liability Act.

Ex gratia payments

This statement provides, by ministry and program, details for all ex gratia payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a payment for which no liability is recognized, whether or not any value or service has been received, and that is made as an act of benevolence in the public interest.

Nugatory payments

This statement provides, by ministry and program, details for all nugatory payments of $100 or over. Payments of less than $100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, a nugatory payment is a payment for which no value or service has been received but for which a liability is recognized.

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

Amounts in roman type are 1986-87 expenditures.
Amounts in **bold face** type are 1985-86 expenditures.
Amounts in *italic* type are expenditures from inception (including 1986-87 expenditures).

(f) Program completed.

(1) Amends reporting in previous year's Public Accounts.

(2) No payment is made to Quebec under this legislation. However, payments are made under the Canada Assistance Plan towards costs associated with the rehabilitation of disabled persons.

(3) Includes programs in respect to comprehensive rural area development programs, Special Agricultural and Rural Development Act, development opportunity initiatives, atlantic provinces management training agreement and the atlantic provinces physical distribution advisory services, Newfoundland and Labrador Development Corporation.
Does not include an amount of $32,006 from inception: not allocated by province.

(4) An amount of $16,372,167 was issued to the Council of Ministers of Education (Canada). These funds are then redistributed to all provinces. Breakdown not available.

(5) An amount of $15,527,863 was issued to the Council of Ministers of Education (Canada). These funds are then redistributed to all provinces. Breakdown not available.

COMMUNICATIONS					
Canadian Radio-television and Telecommunications Commission	*180,000*(1) 167,400(1)	*240,000* 235,901	*20,523,362* 20,458,573	*5,391,072* 5,126,354	*26,334,434* 25,988,228
The Commission was established under Part I of the Canadian Radio-television and Telecommunications Commission Act, SC 1975, c.49. It consists of not more than nine full-time members and not more than ten part-time members to be appointed by the Governor in Council. Its mandate is to encourage the implementation of the national broadcasting policy through the regulation and supervision of the Canadian broadcasting system; and to regulate rates and other aspects of the services offered by telecommunications common carriers under federal jurisdiction. The Commission is ongoing.					
National Film Board	*15,000* 14,055	*50,000* 31,842	*14,000* 13,653	*27,000* 45,804	*106,000* 105,354
The Board of Trustees was established under Part IV of the National Film Act, 1950, consisting of the Commissioner, who shall be Chairman, and eight other members to be appointed by the Governor in Council. The Board is permanent.					
National Museums of Canada					
Board of Trustees	*98,325* 89,728	*75,000* 67,765			*173,325* 157,493
The Board of Trustees was established under the authority of the National Museums Act (1967-68, c.21, s.1). Its mandate is to act as the legal and governing authority for the National Museums Corporation and to ensure that the purposes of the Corporation, as stated in Section 5 of the NMC Act, are carried out. Term indeterminate.					
CONSUMER AND CORPORATE AFFAIRS					
Restrictive Trade Practices Commission(2)	277,697	722	828,708	254,592	1,361,719
The Commission was created by an Act, to amend the Combines Investigation Act and the Criminal Code on July 4, 1952. The objective of the Commission is to maintain free and open competitive conditions in the Canada's market system and to eliminate certain practices in restraint of trade. Term: being phased out.

EMPLOYMENT AND IMMIGRATION					
Commission of Inquiry on Unemployment Insurance	*221,250* 212,000	*95,625* 62,549	*421,000* 500,184	*1,642,125* 1,691,617	*2,380,000* 2,466,350
The Commission was established under Part I of the Inquiries Act by Order in Council PC 1985-2162, July 4, 1985. Its mandate was to inquire into the role of the Unemployment Insurance Program within the context of the Canadian social security system, as a means of improving the operation of labour markets in Canada, supporting more effectively Canada's economic development, ensuring the equitable financing of the Program and providing new and better opportunities for Canadians experiencing temporary unemployment. The Commission completed its report November 30, 1986 as specified by Order in Council PC 1986-2256.					
Immigration Appeal Board	*3,322,004* 2,585,101	*416,000* 367,750	*2,977,301* 2,914,204	*1,741,695* 1,497,068	*8,457,000* 7,364,123
The Immigration Appeal Board is an independent judicial body orginally established by the "Immigration Appeal Board Act", which was proclaimed in force on November 13, 1967. This Act was repealed as of April 10, 1978 when the "Immigration Act, 1976" was proclaimed in force. The Board continues under this Act and derives its jurisdiction therefrom. The objective of the Board is to make available to certain categories of persons who have been denied entry to or ordered removed from Canada, or to Canadian citizens whose relatives have been refused landing in Canada by officials of Employment and Immigration Canada, an independent court to which such decisions may be appealed on both legal and equitable grounds. In addition, the Board is empowered to consider all applications for redetermination of refugee claims which have been refused by the Minister of Employment and Immigration.					
ENERGY, MINES AND RESOURCES					
Atomic Energy Control Board(2)	118,496	27,791		90	146,377
The Board was established under Part III of the Atomic Energy Control Act, A-19, 1946. Its objective is to control atomic energy in the interests of health and safety and national security.					
International Boundary Commission	*65,450* 65,450	*5,855* 5,855			*71,305* 71,305
The Commission was established under the provisions of the Treaty of Washington, April 11, 1908 and the Treaty of Washington, February 24, 1925. Its powers are further defined in the International Boundary Commission Act, RSC 1970, c.I-19. The purpose of the Commission is to maintain an effective land and water boundary between Canada and the United States by means of physical demarcation, and to regulate transboundary construction activity. The Commission is a permanent organization.

National Energy Board	*1,000,000*(3) 843,988(3)	*70,000* 56,246	*18,126,000*(3) 17,715,859(3)	*4,610,000* 3,981,142	*23,806,000* 22,597,235
The National Energy Board was established under Part I of the National Energy Board Act, c. N-6, 1974. Its objectives are: (a) to ensure that the best interests of Canada are serviced in the construction and operation of oil and gas pipelines and power lines subject to federal jurisdiction, in the exportation and importation of gas, in the exportation of electrical power, and in the exportation and importation of oil; (b) to ensure the safe construction and operation of powerlines and of oil and gas pipelines subject to federal jurisdiction; (c) to advise on the control, supervision, conservation, use, marketing and development of energy and sources of energy.					
ENVIRONMENT					
Canadian Environmental Advisory Council	56,500	69,648			*206,300* 126,148
The Canadian Environmental Advisory Council (CEAC) was perceived, at the time of its founding in 1972, as a means to promote communication and understanding among diverse interest groups in society, and between those groups and the Minister of the Environment. The practical means of implementing this role focused primarily on the provision of advice by the Council to the Minister of the Environment. Appointments are normally for a three-year period, subject to earlier termination by either party, and may be renewed or extended.					
Canadian Environmental Assessment Research Council	9,340	18,310			*500,000* 27,650
The mandate of the Council is to promote research in environmental impact assessment. Appointments are made by the executive chairman and normally for a three-year period, subject to earlier termination by either party, and may be renewed or extended.					
The Historic Sites and Monuments Board of Canada	*58,000* 63,500	*50,000* 48,729	*38,842* 38,842	*20,887* 15,716	*167,729* 166,787
The Board was established under Section 6 of the Historic Sites and Monuments Act by Order in Council PC 1969-2/1876, October 1, 1969. The Historic Sites and Monuments Board of Canada is a statutory board appointed by the Governor in Council to advise the Minister of Environment on the Commemoration of our nation's history. Term indeterminate.					
FISHERIES AND OCEANS					
Canada-Norway Sealing Commission					
This Commission was established through Article 3 of a treaty between the Governments of Canada and Norway on sealing and the conservation of seal stocks in the North West Atlantic Ocean signed in Ottawa, July 15, 1971 date of coming into force: December 22, 1971. It was established to administer the agreement and submit proposals, to the contracting parties, on sealing, conservation of seal stocks, national quotas, opening and closing dates, humane hunting methods, and inspection and control procedures. The life of the Commission is ongoing.

Fisheries and Oceans Research Advisory Council	*145,000* 154,722	*198,000* 16,156		*14,000* 13,684	*357,000* 184,562
The Council was established under the authority of the Fisheries and Oceans Research Advisory Council Act. Its mandate is to advise the Minister on all matters referred to it by the Minister relating to: fisheries research and the marine sciences including technological developments in those fields; the scope and adequacy of the science policies and programs of the Department of Fisheries and Oceans, having regard to the duties and functions of that Department and the science policies and international obligations of the Government of Canada; and the coordination of research and development programs in the fields of fisheries research and the marine sciences. The Council is permanent.					
Fisheries Prices Support Board	*70,000* 65,650	*6,500* 6,322	*75,000* 70,588	*4,000* 3,275	*155,500* 145,835
The Board was established by authority of the Fisheries Prices Support Act RSC 1970, c. F-23. Its mandate is to prescribe from time to time, with the approval of the Governor in Council, prices at which the Board may purchase fisheries products; to purchase, directly or indirectly, fish or fish products; and to pay, directly or indirectly the differential between current market price and Board price to the producer. The life of the Board is ongoing.					
Great Lakes Fishery Commission	*2,000* 1,650	*9,000* 3,181			*11,000* 4,831
This Commission was established in 1955 under the Great Lakes Fisheries Convention Act, 1955 c. 34, s. 1 as amended and consolidated in RSC 1970, c. F-15. Its mandate is to conduct investigations into fisheries of the Great Lakes, to install devices and apply lampricide in the Convention area and tributaries thereof, for lamprey control. The Commission is composed of Canadian and US sections, each served by four Commissioners appointed by their respective government. The life of the Commission is ongoing.					
International Commission for the Conservation of Atlantic Tuna					
This Commission was established under the Fisheries Act, ss. 34, 69 and a Convention, adhered to by Canada, effective 1968. The Commission is responsible for studying the populations of tuna-like species in the Atlantic Ocean and its adjacent seas, and for making recommendations to the contract-parties concerning measures required to maintain the population of these fisheries at levels which will provide the optimum sustainable catch. The present council membership consists of Canada, France, Ivory Coast, Japan, Morocco, Portugal, Spain and the USA. Each contracting party is represented on the Commission by no more than these Commissioners. The life of the Commission is ongoing.

International Council for the Exploration of the Sea					
This Commission was established under PC 2967-1696. Its mandate is to encourage and coordinate studies of the marine environment with particular reference to the living resources of the sea with concentration on the North Atlantic. The Council has no regulatory function, but provides scientific advice on request to member governments, groups of member governments or International Commissions. The life of the Commission is ongoing.					
International Fisheries Commissions Pension Society		*5,000* 4,672			*5,000* 4,672
This Commission was established under the Canada Corporations Act 1964-65, c. 52, s. 2 and Letters Patent (152950) issued by the Secretary of State, July, 1957. Its mandate is to administer pension and related benefit policies for employees and dependents of International Fisheries Commissions established and maintained by Canada and the USA. The life of the Commission is ongoing.					
International North Pacific Fisheries Commission	*7,500* 7,000	*10,500* 10,270			*18,000* 17,270
This Commission was established under the North Pacific Convention Act, 1952-53, c. 44, s. 1, now RSC 1970, c. F-16. Its mandate is to carry out and give effect to the provisions of the International Convention for High Seas Fisheries of the North Pacific Ocean; to ensure that the fisheries joint-interests are maintained at the level of maximum sustainable productivity; to promote and co-ordinate scientific studies necessary to ascertain the conservation measures required and recommend such measures to the contracting parties. The life of the Commission is ongoing.					
International Pacific Halibut Commission					
The Commission was established under the North Pacific Halibut Fisheries Convention Act, 1952-53, c. 43, s. 1 as amended and consolidated in RSC 1970, c. F-17. The Commission was established to conduct scientific investigation and to recommend to governments regulatory measures required for the proper management of halibut resources in the North Pacific Ocean. The life of the Commission is ongoing.					
North Atlantic Salmon Conservation Organization	*5,500* 5,250	*16,000* 15,230			*21,500* 20,480
This Commission was established under the Convention for the Conservation of Salmon in the North West Atlantic Ocean, October 1, 1983, ratified by PC 1983-2893. Its mandate is to promote conservation, restoration, enhancement and rational management of salmon stocks in the North Atlantic Ocean, through international co-operation. The life of the Commission is ongoing.

North Pacific Fur Seal Commission					
This Commission was established under the Pacific Fur Seals Convention Act, 1957, c. 31, s. 1 as amended and consolidated in RSC 1970, c. F-33. Its mandate is to ensure that the fur seal populations are maintained at levels which will provide the greatest annual harvest with due respect to their relation to the productivity of other living marine resources and to co-ordinate scientific investigation to ensure the attainment of this objective. The life of the Commission is ongoing.					
North West Atlantic Fisheries Organization	*1,000* 900	*2,800* 2,047			*3,800* 2,947
This Commission was established by a Convention adhered to by Canada, effective January 1979, and Regulations made under the Fisheries Act. Its mandate is to promote the conservation and maximum utilization of the fisheries resources of the North West Atlantic and to encourage the co-operation internationally with further consultation regarding these resources. The life of the Commission is ongoing.					
Pacific Salmon Commission(4)	*105,000* 104,150	*50,000* 49,792			*155,000* 153,942
This Commission was established under the Pacific Salmon Convention Act, 1957, C. 11, S.1 as amended and consolidated in RSC 1970, C. F-19, S.1, and Order in Council 1986. The Treaty provides a unique opportunity to resolve stock interception problems, reduce the overfishing of internationally exploited stocks and open new avenues to increase salmon production through enhancement, stock conservation and rebuilding. The Treaty establishes a new institutional framework for coordinating Canadian and US salmon management, enhancement and research. The Treaty establishes specific limitations on key interception fisheries, commits both countries to additional research activities, mandates an ongoing negotiation process to implement Treaty objectives and establishes an independent arbitration mechanism to settle technical differences. The life of the commission is ongoing.					
The Royal Commission on Seals and Sealing Industries	*23,000* 21,402	*5,000* 4,755		*447,000* 442,183	*475,000* 468,340
The Commission was constituted under Part I of the Inquiries Act to investigate and make recommendations on all aspects of seal resource management and sealing in Canada, and especially on the economic viability of the seal industry. The final report was made to the Governor in Council in September 1986.					
INDIAN AFFAIRS AND NORTHERN DEVELOPMENT					
Indian Commission of Ontario	*47,867* 46,666	*32,000* 32,000	*151,589* 152,789	*132,557* 132,558	*364,013* 364,013
Established by concurrent federal and provincial Orders in Council and resolution of Ontario status Indian chiefs in 1978. Current federal Order in Council PC 1986-4/767 for period April 1, 1985 to March 31, 1989. The mandate is to assist the Indian people, Canada and Ontario foster Indian self-government and to resolve outstanding issues, usually of a jurisdictional nature. The figures do not show total commission cost, since it is funded on a two-thirds (Federal) and one-third (Provincial) basis.

Canadian Human Rights Commission	*274,800* 244,083	*55,000* 40,615	*131,209* 144,288	*25,750* 14,534	*486,759* 443,520

The Commission was established under authority of the Canadian Human Rights Act. Its mandate is to receive and investigate complaints of discrimination, to obtain a resolution or settlement where discrimination is established and to combat discriminatory practices and policies by means of information, public education and research. Term indeterminate.

Commissioner for Federal Judicial Affairs

	Salaries	Travel and living expenses*	Other salaries	Other expenditures	Total
Commission on Judges' Salaries and Benefits, 1986	*30,750* 16,930	*14,475* 14,023		*12,150* 3,760	*57,375* 34,713

The Commission was established under the authority of Section 19.3 of the Judges Act. The mandate was to inquire into the adequacy of the salaries and other amounts payable under the Judges Act and into the adequacy of the judges benefits generally. A report from the Commission was required to be submitted within 6 months of the date of the appointment of the Commissioners.

Law Reform Commission of Canada	*333,200* 306,758	*90,000* 75,781	*1,524,800* 1,479,063	*2,875,000* 2,383,668	*4,823,000* 4,245,270
The Commission was established by authority of the Law Reform Commission Act. Its mandate is to study and keep under review the laws of Canada with a view to making recommendations for their improvement, modernization and reform. The Commission is permanent.					
The Canadian Sentencing Commission	*80,052* 117,024	*65,700* 87,924	*147,423* 165,649	*351,825* 345,054	*645,000* 715,651
The Commission was established on May 10, 1984 under the authority of Part I of the Inquiries Act. Its mandate is to examine various aspects of sentencing including maximums and mandatory minimum penalties prescribed in the Criminal Code and related statutes; possible approaches to sentencing guidelines within the Canadian context; the relationship between guidelines and prosecutorial discretion, plea and charge negotiations, parole and remission; and information systems necessary for the use and updating of guidelines. While the Commission originally had a two year mandate to file its report in May 1986, its mandate was extended to March 25, 1987.					
LABOUR					
Labour Adjustment Review Board	*42,800* 32,750	*19,200* 14,688	*300,000* 296,936	*139,000* 100,252	*501,000* 444,626
The Board was established under the Labour Adjustment Benefits Act. Its mandate is to determine whether individuals are eligible to apply to Employment and Immigration Canada for benefits under the Act. The termination date for industries designated nationally under the Act was August 17, 1986 and for industries designated regionally (in seven communities only) the termination date was February 12, 1987. Although the Program is now ended, the Board still meets on a regular basis to deal with those cases of layoffs that still fall within the program dates and no actual termination date has been approved.					
NATIONAL HEALTH AND WELFARE					
Canada Pension Plan Advisory Committee(2)	11,062	24,793		7,116	42,971
The Committee was established under Part III, Section 117, of the Canada Pension Plan (Order in Council PC 1965-799 of May 5, 1965). Its mandate is to review the operation of the Canada Pension Plan, the state of the Canada Pension Plan Investment Fund and the adequacy of coverage and benefits under the Plan. The life of the Committee is unspecified.					
National Advisory Council on Aging(2)	11,500	18,289	160,104	133,961	323,854
The Council was established by Order in Council PC 1980-1195, May 1, 1980 as a citizens' advisory body to the Minister of National Health and Welfare. Its mandate is to assist and advise the Minister on all matters related to the quality of life of the aged. The life of the Council is unspecified.

National Advisory Council on Fitness and Amateur Sport[2]	2,700	17,132	7,978	3,136	30,946
The National Advisory Council on Fitness and Amateur Sport was created in 1961 under the Fitness and Amateur Sport Act, RSC 1970, c. F-25. Its mandate is to advise the Minister on all matters relating to fitness and amateur sport. Committees of Council members are formed when the need arises to study areas of particular concern to the federal government. The Act identifies the Minister of National Health and Welfare as being the responsible Minister. He has, however, designated the Minister of State for Fitness and Amateur Sport as having operational responsibility. The Council reports to him. The life of the Council is unspecified.					
National Council of Welfare[2]	16,750	33,452	140,824	128,867	319,893
The Council was established by the Government Organization Act, 1969 as a citizens' advisory body to the Minister of National Health and Welfare. Its mandate is to advise the Minister on matters pertaining to social welfare policy. The life of the Council is unspecified.					
PRIVY COUNCIL					
Commission of Inquiry on War Criminals			*380,000* 461,950	*1,550,300* 1,369,925	*1,930,300* 1,831,875
The Commission was established under Part I of the Inquiries Act by Order in Council PC 1985-348, February 7, 1985. The final report was submitted by the Commissioner on December 30, 1986.					
Commission of Inquiry on Certain Banking Operations		807	*72,500* 83,423	*674,500*[5] 515,110	*747,000* 599,340
The Commission was established under Part I of the Inquiries Act by Order in Council PC 1985-2932, September 29, 1985. The final report was submitted on October 20, 1986.					
Commission of Inquiry into Facts of Allegations of Conflict of Interest Concerning the Honourable Sinclair M. Stevens			*267,000* 252,474	*2,718,000* 1,879,566	*2,985,000* 2,132,040
The Commission was established under Part I of the Inquiries Act by Order in Council PC 1986-1139, May 15, 1986. The final report should be submitted during fiscal year 1987-88.					
Commission of Inquiry into Certain Matters Associated with the Westbank Indian Band	57,375	4,165	*44,600* 37,842	*600,400*[6] 474,599	*645,000* 573,981
The Commission was established under Part I of the Inquiries Act by Order in Council PC 1986-1816, August 12, 1986. The final report should be submitted during fiscal year 1987-88.

Electoral Boundaries Commissions	*191,913* 191,913		*1,187,200* 1,187,200	*2,725,918* 2,725,918	*4,105,031* 4,105,031
The Commission under the Electoral Boundaries Readjustment Act was established by Order in Council PC 1982-1536 dated May 20, 1982. The fees for members and other staff were established by Order in Council PC 1982-837 dated March 18, 1982 and by Treasury Board Minute No 782567 dated April 19, 1982. Eleven Commissions were set up and a chairman and two members were appointed for each commission.					
Economic Council of Canada		 70,631	*5,820,000* 5,803,740	*2,255,000* 2,008,790	*8,075,000* 7,883,161
The Council was established in 1963 by the Economic Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.					
Public Service Staff Relations Board	*1,302,000* 849,203	*228,000* 147,086	*6,421,000* 6,071,100	*1,791,000* 1,484,690	*9,742,000* 8,552,079
The Board was established under the Public Service Staff Relations Act 1966-67. Its mandate is to provide the framework within which the various rights and responsibilities of participants to collective bargaining in the Public Service are to be exercised and to provide information to participants on rates of pay and other conditions of employment in Canada.					
REGIONAL INDUSTRIAL EXPANSION					
Textile and Clothing Board	*30,000* 27,581	*35,000* 32,530			*65,000* 60,111
The Board was established under the Act of Parliament No. 19-20 Elizabeth II Chapter 39. Its mandate is to carry out inquiries into complaints made by industry because of imports. The Board will continue to perform its duties indefinitely.

SCIENCE AND TECHNOLOGY					
Science Council of Canada		*120,000* 105,054		*3,500* 3,500	*123,500* 108,554
The Science Council of Canada was established under the Science Council of Canada Act 1966-67 c.19, s.1. Its mandate is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology. The Science Council of Canada is permanent.					
SECRETARY OF STATE					
Advisory Council on the Status of Women	*262,800* 257,281	*153,900* 107,009			*416,700* 364,290
In 1973, the Canadian Advisory Council on the Status of Women was established as an independent organization funded by the government. The Council was granted legal status through Order in Council PC 1976-781. Its mandate is to bring before the federal government and the public matters of interest and concern to women; and to advise the Minister on such matters relating to the status of women as the Minister may refer to the Council for its consideration or as the Council may deem appropriate. The Council is permanent.					
SOLICITOR GENERAL					
National Parole Board(2)	3,005,022	483,702			3,488,724(7)
The Commission was established under the authority of the Parole Act. Its mandate is to grant and to control the conditional release of persons undergoing sentences of imprisonment and to make recommendations for pardons and the exercise of the Royal Prerogative of Mercy. The Commission is permanent.					
TRANSPORT					
Canadian Aviation Safety Board	*470,494* 546,029	*80,000* 101,897	*78,428* 96,407	*70,500* 42,483	*699,422* 786,816
The Board was established under the Canadian Aviation Safety Board Act. Its mandate is to advance aviation safety by: (i) identifying safety deficiencies as evidence by aviation occurrences; (ii) conducting independent investigations and, if necessary, public inquiries into aviation occurrences in order to make findings as to their contributing factors and causes; and (iii) reporting publicly on its investigations and inquiries and making recommendations designed to eliminate or reduce safety deficiencies. The Board is permanent.

Canadian Transport Commission					*885,624,483* 883,345,875
The Commission was established under Part I of the National Transportation Act, 1966-67, c.69, s. 2, and consists of not more than seventeen members appointed by the Governor in Council.					
Commission of Inquiry on the Hinton Train Collision		*6,726* 6,726		*990,871* 990,871	*997,597* 997,597
The Commission was established under the authority of Part I of the Inquiries Act. Its mandate is to inquire into and report on the collision between VIA Rail Canada Inc train number 4 and Canadian National Railway train number 413 at or about mile 173, Edson Subdivision in the Province of Alberta on February 8, 1986. The term is from February 12, 1986 to February 28, 1987.					
VETERANS AFFAIRS					
Bureau of Pensions Advocates	*73,400* 72,987	 16,581	*4,742,600* 4,680,073	*1,132,000* 1,080,129	*5,948,000* 5,849,770
The Bureau was established under the authority of the Pension Act. Its mandate is to provide a counselling service to applicants and pensioners with respect to the application to them of the Act or any other law providing for the awarding or granting of pensions; to assist applicants in the preparation of applications; and to arrange for applicants and pensioners to be represented by a Pensions Advocate at hearings held under the Act. Term indeterminate.					
Canadian Pension Commission	*1,719,704* 1,720,686	*467,000* 430,658	*11,257,296* 11,000,641	*5,804,874* 5,072,210	*19,248, 874* 18,224,195
The Commission was established under the authority of the Pension Act. Its mandate is to adjudicate claims for compensation due to death or disability incurred during military and other selected service. Term indeterminate.					
Pension Review Board	*724,388* 720,843	*10,000* 8,775	*637,612* 596,020	*378,000* 325,171	*1,750,000* 1,650,809
The Pension Review Board was established under the authority of the Pension Act. The Board is the final tribunal under the Pension Act and its mandate includes the adjudication of appeals against decisions of the Entitlement or Assessment Boards of the Canadian Pension Commission as well as providing for interpretation of the Pension Act and other related statutes. Term indeterminate.					

Commissions—*Continued*

War Veterans Allowance Board	*486,528* 443,235	*12,000* 11,026	*833,472* 873,628	*357,000* 302,274	*1,689,000* 1,630,163

The statutory framework within which the Board functions is set out in the War Veterans Allowance (WVA) Act, Veterans Allowance Regulations, Part XI of the Civilian War Pensions and Allowances (CWP&A) Act. These Acts and Regulations outline the terms and conditions of eligibility for receipt of benefits under the legislation. The objective of the Program is to ensure that veterans and their dependants receive their entitlement under the War Veterans Allowance Act and Part XI of the Civilian War Pensions and Allowances Act. Term: the War Veterans Allowance Board is an indeterminate organization established by statute in 1936.

---

* For details related to current year expenditures, see following statement called—"Details of travel and living expenses".

(1) Does not include salaries of full-time members. Attachment to Order in Council establishing their salaries stipulates that "The specific salary of any person named in the schedule to the attached Order in Council is confidential information".

(2) Estimates not available.

(3) Does not include statutory items.

(4) Pacific Salmon Commission replaces the International Pacific Salmon Fisheries Commission which was rescinded by Order in Council 1976. It ceased to be in force effective August 15, 1986.

(5) Includes travel and living expenses.

(6) Includes member salary and travel and living expenses.

(7) The above costs do not include Regional Community Board Member (RCBM) costs. RCBM fees are included as professional services.
